

Adult Education Division

Prepared by: Sherene Donaldson, Curriculum Director

This Month's Highlights

2011 Fall Catalog for the Central Nine Adult Education Division is available and lists all continuing education course offerings, GED preparation classes, English as a Second Language classes, GED test and GED practice test schedules, the National Center for Competency Testing (NCCT) schedule, and our over 200 online courses. Central Nine is also an approved training site by the Indiana Department of Veterans Affairs for veterans.

Central Nine's **Adult Continuing Education** Program offers the most approved Career Certifications Programs on the Indiana Dept. of Workforce Development INTraining website in Region 5. To date, Central Nine has been awarded two \$12,000 Career Certification Program Grants in Welding and Computer Support Analyst (New Program for fall 2011). We are currently developing two additional grant applications (\$12,000 each) for Emergency Medical Technician (EMT) and Administrative Assistant (New Program for spring 2012). Since the start of the fall semester, the adult continuing education program alone has generated almost \$60,000 in revenue with over 120 enrolled students. Our program plans to continue to develop career certification programs that provide students with industry-recognized certifications that lead to employment or transfer into college credit hours.

Central Nine's **Adult Basic Education** Program has expanded in order to serve more adult learners within the district. Several new classes have started in locations such as the Beech Grove Library (GED), Trafalgar Library (GED), the new WorkOne office in Franklin (GED), and the Grace Assembly Church Annex in Whiteland (2-GED & 2-ESL). There are six additional adult education classes located throughout Perry Township and Greenwood. Central Nine plans to partner with Cooper Tires in Franklin in order to provide a GED preparation class for employees. To date, almost 300 students have attended orientation sessions for GED and ESL classes. The Adult Basic Education Program has been awarded over \$336,000 in state/federal funds for the 2011-12 program year.
