

Teacher Evaluation Program (TEP) ~~2021-2022~~2020-2021

Central Nine Career Center

1. **Overview:** This plan was originally developed cooperatively between teachers and administrators of Central Nine Career Center (the School) and is applicable only to certificated staff members who teach classes within the high school division. The evaluation instrument offered by our Successful Practices Network (SPN) coach was used as the preliminary guide in developing the Teacher Evaluation Form. The Central Nine evaluation committee agreed that a locally-developed plan offered more potential to positively influence student outcomes, will more accurately evaluate teachers in our Career Technical Education (CTE) format and foster world-class teaching and students. In 2017, the plan was revised, borrowing elements of the RISE rubric, to include a greater focus on instruction. The TEP was developed with the understanding that statewide End of Program (EOP) assessments satisfy IC 20-28-11.5-4(c)(2)(A) and constitute "statewide assessments."
2. **Evaluator(s):** Teacher evaluations will be completed by building-level administrators. Each teacher will be officially notified verbally, by e-mail, or by letter no later than August 15th of each year who will be conducting their evaluation, though the School reserves the right to re-designate the evaluators as necessary.

In most cases, one evaluator will be assigned and all observations will be conducted by that individual. All persons performing evaluations, whether formative or summative, shall be trained in evaluation skills and provided support consistent with and as required by IC 20-28-11.5-5(b) and 511 IAC(a), as well as the proper administration of this TEP. This includes, but is not limited to, training on how to collect and analyze evidence toward the summative evaluations and, if applicable, on evaluating evidence and the making of final summative evaluations. Training on the collection and analysis of evidence should include the following topics: rubrics used to assess a teacher's professional practice, best practices in classroom observation, observation processes and logistics, giving feedback to teachers, analyzing student data, assessments and measures of student learning. Training relating to summative evaluations should include the following topics: summative scoring and professional development and improvement plans. Training may occur through professional development programs, supervisor-led training, virtual training, or other similar means and methods. In addition, teachers evaluated pursuant to this TEP may be trained regarding the following subjects: rubrics used to assess a teacher's professional practice, observation processes and logistics, analyzing student data, measures of student learning and summative scoring.

3. **Timing of Evaluations:** Observations and formative evaluations shall be conducted consistent with this TEP and may be more concentrated or less frequent and numerous, as determined by the needs of the evaluator(s). The observations and evaluations may be announced or unannounced; they may be random or scheduled; they may be conducted briefly or may be for

an extended period of time, though at all times shall be of sufficient length so as to allow the evaluator the opportunity to draw evidences of performance of the teacher, with at least two observations lasting at least forty minutes. A teacher will not be scheduled more than one observation in a one-week period. A mandatory pre-observation conference will take place before the first observation. For subsequent observations, a pre-observation conference may take place upon teacher or evaluator request. A post-observation conference shall occur within one week of an observation. This will provide timely and effective feedback for teachers that seek improvement. One short, nonevaluative, observation (at least 20 minutes in length) will be conducted by the CTE Innovation Coach prior to fall break. One long observation (at least 40 minutes in length) will be conducted each semester. A 15-day observation window will be provided by the evaluator to the instructor for the long observations. This does not include any walk-throughs, which may occur at any time during the year. A teacher may request an additional scheduled short observation to be conducted by an evaluator of his/her choice. A second observation cannot be scheduled without evaluator feedback from the first observation being provided from the evaluator to the teacher. The law requires a minimum of two observations must be conducted for each summative evaluation or as otherwise required by 511 IAC 10-6-5. The observer will send the teacher observation rubric and the observation summary prior to the post-observation meeting.

Formative evaluations will be completed using the Standard for Success online evaluation system. Scripting will be used to document classroom observations. Documentation will be maintained by the evaluator(s) of all observations and evaluations. Teachers will be required to attend and complete their post-observation meetings. Failure to do so will impact their professionalism area of the evaluation tool. Teachers need to respond to observation feedback during each individual post-observation meeting (if the feedback is questionable). A formal evaluation of a summative nature will take place at least annually, though may be more frequent at the sole discretion of the Superintendent. Scores/Ratings will not be officially assigned until this summative evaluation. The formal, summative evaluation shall be completed prior to May 15th or at least 10 days before the last teacher contract day, whichever is earlier. Unless specifically determined otherwise, the Assistant Director and the Dean of Students will take an active role in authoring the summative evaluation instrument, improvement plan (if applicable), and will sign the document(s).

4. **Artifacts:** The evaluator shall collect evidence, including artifacts, toward summative evaluations throughout the school year as required by 511 IAC 10-6-2(a). Teachers may submit any artifact at any point during the school year, prior to the summative evaluation conference. Artifacts may be used as evidence to support indicators that may not be observed during an observation. Teachers may be asked to provide evidence, artifacts, and written narratives for any performance indicators any time prior to the scheduled evaluation discussion meeting. The artifacts will be evaluated by the summative evaluator as they are submitted, and then applied to the appropriate indicator(s). Improvements to artifacts can be made throughout the school year; however, final artifacts are to be submitted prior to the summative evaluation.

5. **Measures:** In order to comply with the Indiana Code and Indiana Administrative Code, and in order to evaluate all aspects of teachers' performance, the Teacher Evaluation Rubric, which is incorporated into this TEP by reference, contains objective and subjective measures. These measures, as required or subsequently amended by 511 IAC 10-6-4(a), include those provided by the Indiana Department of Education based upon student achievement and/or growth on statewide assessments (as applicable), measures based on other assessments developed or procured by the School for the purpose of showing student growth and/or achievement and those measures closely aligned with content standards, as applicable, to reflect ambitious learning goals and proportional representation of content.
- a. The Objective measure identified on the Teacher Evaluation Rubric is performance indicator 4.1, Technical Skill Attainment. Effective or Highly Effective ratings are achieved by producing results equal to or exceeding the State's expectations of the School. Trend data of no longer than a three consecutive year period may be considered by an evaluator in making a determination. These measures have been collectively weighted at 5% of the total.
 - b. Performance indicators 1, 2, and 3 are intended to provide four levels of rigor in determining effectiveness of teachers and programs measure of effectiveness.
 - c. The Teacher Evaluation Rubric by which the ratings are determined for each performance indicator and to which all evaluators will be trained. The teacher may be asked to and/or willingly submit artifacts as evidence that he/she is meeting a performance indicator.
6. **Annual Performance Rating:** All evaluated teachers must be rated annually, but possibly more than once at the discretion of the Superintendent, as Highly Effective, Effective, Improvement Necessary, or Ineffective. IC 20-28-11.5-4(c)(4). The State Board of Education (IDOE) has defined these ratings at 511 IAC 10-6-2(a) as:
- (a) **Highly Effective.** A highly effective teacher consistently exceeds expectations both in terms of student outcomes and instructional practice. This is a teacher who has demonstrated excellence, as determined by a trained evaluator, in locally selected competencies reasonably believed to be highly correlated with positive student learning outcomes. The highly effective teacher's students, in aggregate, have exceeded expectations for academic growth and achievement based on guidelines suggested by the IDOE, which shall be published annually by August 1.
 - (b) **Effective.** An effective teacher consistently meets expectations both in terms of student outcomes and instructional practice. This is a teacher who has consistently met expectations, as determined by a trained evaluator, in locally selected competencies reasonably believed to be highly correlated with positive

student learning outcomes. The effective teacher's students, in aggregate, have achieved an acceptable rate of academic growth and achievement based on guidelines suggested by the IDOE, which shall be published annually by August 1.

(c) Improvement Necessary. A teacher who is rated as improvement necessary requires a change in performance before he/she meets expectations either in terms of student outcomes or instructional practice. This is a teacher who a trained evaluator has determined to require improvement in locally selected competencies reasonably believed to be highly correlated with positive student learning outcomes. In aggregate, the students of a teacher rated improvement necessary have achieved a below acceptable rate of academic growth and achievement based on guidelines suggested by the IDOE, which shall be published annually by August 1.

(d) Ineffective. An ineffective teacher consistently fails to meet expectations both in terms of student outcomes and instructional practice. This is a teacher who has failed to meet expectations, as determined by a trained evaluator, in locally selected competencies reasonably believed to be highly correlated with positive student learning outcomes. The ineffective teacher's students, in aggregate, have achieved unacceptable levels of academic growth and achievement based on guidelines suggested by the IDOE, which shall be published annually by August 1.

The Teacher Evaluation Rubric delineates these ratings (either as 4, 3, 2, 1) for each performance indicator. It is not required that a score be provided for every performance indicator and the failure to do so shall not invalidate or affect the validity of the evaluation. For any indicator that a determination cannot be reasonably made, the denominator will be reduced accordingly. An overall rating of less than 1.46 will be considered Ineffective, 1.46-2.45 Improvement Necessary, 2.46-3.45 Effective, and 3.46-4.0 Highly Effective.

7. **Negative Effect:** IC 20-28-11.5-4(c)(6) prohibits any teacher who negatively affects student achievement and growth from receiving a summative final rating of Highly Effective or Effective. This shall be defined by 511 IAC 10-6-4(c) as follows, or as subsequently amended:

(a) For classes measured by statewide assessments with growth model data, the department shall determine and revise at regular intervals the cut levels in growth results that would determine negative impact on growth and achievement. Cut levels shall be published by the Indiana Department of Education by August 1.

(b) For classes that are not measured by statewide assessments, negative impact on student growth shall be defined locally where data show a significant number

of students across a teacher's classes fail to demonstrate student learning or mastery of standards established by the state.

9. **Review and Recommendations:** The evaluator(s) shall discuss the summative evaluation with the teacher prior to May 15th each year or at least 10 days before the last teacher contract day, whichever is earlier. IC 20-28-11.5-4(d). This will be accomplished by an assigned evaluator. The evaluator and the School shall provide the teachers with meaningful feedback relating to growth opportunities for further improvement.

The evaluator(s) shall provide an explanation of his or her recommendations for improvement and the time in which the improvement shall be made, as appropriate. IC 20-28-11.5-4(c)(5). This is to be done in writing and will be as specific as possible to ensure clarity and accountability. A copy of the completed evaluation, the recommendations and all documents related to the evaluation will be given to the teacher within seven days from the completion of the evaluation as required by IC 20-28-11.5-6(a). The evaluation and all related documents may be transmitted electronically or provided in hard copy form, either by hand delivery or placed in mailbox in a sealed envelope.

10. **Improvement plan:** If the teacher receives a rating of Ineffective or Improvement Necessary, then the evaluator(s) and teacher shall develop an improvement plan of not more than ninety school days from the date that the plan is signed by the primary evaluator and the teacher to correct the deficiencies in the evaluation. The improvement plan shall link the teacher's performance evaluation results with professional development opportunities. These opportunities include, but are not limited to, coursework, professional development conferences, formal mentoring, modeling, coaching, and the creation of professional learning communities. There is no obligation to utilize the full ninety days. The teacher may choose appropriate professional development opportunities and may be responsible for paying associated costs, if any. The improvement plan shall require the use of the teacher's license renewal credits in professional development activities intended to help the teacher achieve an effective rating. IC 20-28-11.5-6(b). The teacher shall be required to demonstrate how any proposed professional development activities relate to his or her evaluation results and will result in improvement. Subsequent evaluations may commence but cannot conclude or use observations made solely during the improvement plan period. In addition to the foregoing, new teachers and those receiving substandard ratings may receive additional direct support, which can include additional observations, coaching or mentoring. If a teacher fails to complete the steps for improvement, as outlined in the improvement plan within the ninety-school day timeline, then the teacher will be required to meet with the Director, and may be at risk for non-renewal of teaching contract for the school year following the ninety school day period.
11. **Dispute a Rating / Conference Procedure:** A teacher receiving an Ineffective rating may file a request for a private conference with the superintendent or his/her designee not later than five days after the summative evaluation conference. IC 20-28-11.5-6(c). The superintendent or

his/her designee may choose to simply listen to the teacher's concerns or to engage in a discussion about the evaluation, the ratings, the improvement plan, or any other relevant matters at his or her sole discretion. The superintendent is not required to provide any verbal response or present any evidence at the conference. The conference may be recorded and/or attended by such other personnel, including counsel, as the superintendent shall deem necessary on behalf of the School. The superintendent shall respond in writing to the teacher within seven school days of the conference with a determination. The determination shall either be 'inconclusive' and an alternate evaluator will be assigned to review the evaluation, or 'upheld' whereby the superintendent endorses the determination by the evaluator.

If an alternate evaluator is assigned, this person should emulate the characteristics of a successful administrator and be familiar with the School TEP. This person may conduct further observations and/or interviews with the teacher and/or the evaluators, but will not be required to do so. They will review the existing evaluation and share their opinion with the superintendent only. Upon review of the alternate evaluator's opinion, the superintendent shall either uphold the original evaluation rating or modify the rating at his or her sole discretion. This response shall be in writing and may be electronically transmitted to the teacher or delivered in hard copy by hand delivery or by placing the response in the teacher's mailbox. Subsequent evaluations may commence but cannot conclude or use observations made solely during the improvement plan period.

12. **Parent Notification:** Under Indiana law, students in certain identified courses may not be instructed for two consecutive years by two consecutive teachers receiving an ineffective rating in the preceding evaluation period before the start of the student's second consecutive year. IC 20-28-11.5-7. It is mutually understood that this applies only to courses within the Indiana Core 40 curriculum and the following ISTEP or ECA-tested areas: English/language arts, mathematics, science and social studies. There are no such courses currently offered at The School but if they are offered in the future, IC 20-28-11.5-7 will be adhered to, including all conditions about notifying parents of students who are placed in the classroom of an ineffective teacher of those classes.
13. **Report to DOE:** On or before July 31 of each year, The School will provide the results of its TEP to the DOE, including the number of teachers placed in each category. Nothing in the report will identify the names or anything else personally identifiable that may allow DOE to discover the names of particular teachers in each category. IC 20-28-11.5-9.
14. **Amendments:** After all teachers have had their summative evaluation meeting, but no later than the first week of May each school year, a team made up of two administrators/evaluators and two teachers shall meet to discuss potential updates and changes to the Evaluation Process and Tool. The updates and changes will then be proposed by the team for mutual approval by the Director and 75% of the teaching staff. If the proposal is not approved initially, then the team may continue to work on updates and changes, and again seek out mutual approval. Once approved by the Director and teaching staff, the proposal would then be presented to the Governing Board for final approval at the July Board meeting. If the updates/changes are not

approved by this meeting, then the current version of the TEP will remain in place for the following school year.

15. **Reliability:** Results of this TEP shall be monitored for reliability annually by the Superintendent and shared with the Board. Factors involved in determining the reliability of the process will be comparisons to statewide results overall, with groups or cohorts of similar demographic characteristics and in view of the performance ratings of the school as a whole. This monitoring will be continuous in nature and modifications will be made in order to reflect as accurately as possible the impact of teachers and administrators on the results of student learning in each program area and as a school corporation.
16. **Assurance:** All standards and procedures in this TEP that are directly derived from current laws set forth in the Indiana Code and/or Indiana Administrative Code shall be deemed automatically amended without further vote to reflect such amendments as may subsequently occur.

This plan is endorsed by the administration, the governing body, and the teaching staff by the following assurances:

1. The original plan was approved by teachers, administrators, and the Governing Board on March 8, 2012.
2. The amended plan was approved by at least 75% of the teachers that voted on October 22, 2013.
3. The amended plan was approved by the Board in a public meeting on November 14, 2013.
4. Updates for the 2014-15 school year were approved by the Board on June 12, 2014.
5. Updates for the 2015-16 school year were approved by at least 75% of the teachers that voted on September 8, 2015 and approved by the Board on October 8, 2015.
6. Updates for the 2016-17 school year were approved by at least 75% of the teachers that voted on May 27, 2016 and approved by the Board on June 9, 2016.
7. Updates for the 2017-2018 school year were approved by at least 75% of the teachers that voted on May 24, 2017 and approved by the Board on June 8, 2017.
8. Updates for the 2018-2019 school year were approved by at least 75% of the teachers that voted on May 25, 2018, and approved by the Board on June 14, 2018.
9. Updates for the 2019-2020 school year were approved by 100% of the teachers that voted on May 20, 2019, and approved by the Board on June 13, 2019.
- 9-10. Updates for the 2021-2022 school year were approved by at least 75% of the teachers that voted on May 20, 2021, and approved by the Board on June 10, 2021.

Career and Technical Education CTE Teacher Evaluation Program and Rubric

Directions: Use the performance indicator descriptions listed below to assess the CTE teacher. The CTE teacher and evaluator are to document the supporting evidence and record the performance ratings for each applicable performance indicator. Any performance indicator that is rated at Level 2.49 or less must be included in a Career Technical Education Teacher Professional Growth/Improvement Plan.

PERFORMANCE LEVELS			
Highly Effective	3.46 – 4.00	Needs Improvement	1.46 – 2.45
Effective	2.46 – 3.45	Ineffective	less than 1.46

The Career Technical Education (CTE) Teacher Evaluation Rubric is used to evaluate a CTE teacher. This rubric is an assessment tool that is designed to bring consistency and objectivity to the evaluation of a CTE teacher and his/her CTE program of study.

The 4 performance indicators in this rubric are used to determine a teacher's ability to teach students and measure the effectiveness of the CTE program of study. This rubric is used by CTE teachers and school leaders to evaluate and identify the strengths, weaknesses, opportunities, and challenges of a program of study and assess teacher performance.

TEACHERS WITH TWO OR MORE YEARS OF EXPERIENCE AT CENTRAL NINE	TEACHERS WITH LESS THAN A YEAR OF EXPERIENCE AT CENTRAL NINE
DOMAIN 1 - INSTRUCTION - 75%	DOMAIN 1 - INSTRUCTION - 75%
1.1 - Develop Student Understanding and Mastery of Lesson Objectives 1.2 - Demonstrates and Clearly Communicates CTE Content, Literacy, and Math Knowledge to Students 1.3 - Engage Students in Learning 1.4 - Check for Understanding 1.5 - Modify Instruction as Needed 1.6 - Develop Higher Level of Understanding Through Rigorous Instruction and Work 1.7 - Maximize Instructional Time 1.8 - Create Classroom Culture of Respect and Collaboration 1.9 - Set High Expectations for Academic Success	1.1 - Develop Student Understanding and Mastery of Lesson Objectives 1.2 - Demonstrates and Clearly Communicates CTE Content, Literacy, and Math Knowledge to Students 1.3 - Engage Students in Learning 1.4 - Check for Understanding 1.5 - Modify Instruction as Needed 1.6 - Develop Higher Level of Understanding Through Rigorous Instruction and Work 1.7 - Maximize Instructional Time 1.8 - Create Classroom Culture of Respect and Collaboration 1.9 - Set High Expectations for Academic Success
DOMAIN 2 - FAMILY AND COMMUNITY ENGAGEMENT AND OUTREACH - 10-15%	DOMAIN 2 - FAMILY AND COMMUNITY ENGAGEMENT AND OUTREACH - 15%
2.1 - Engage Families in Student Learning 2.2 - Work-Based Learning Opportunities 2.3 - CTE Student Organizations (CTSOs) 2.4 – College and Career Opportunities 2.5 - Advisory Committee	2.1 - Engage Families in Student Learning 2.2 - Work-Based Learning Opportunities 2.3 - CTE Student Organizations (CTSOs) 2.4 – College and Career Opportunities 2.5 - Advisory Committee

Performance Indicators		LEVEL 1 Ineffective	LEVEL 2 Improvement Necessary	LEVEL 3 Effective	LEVEL 4 Highly Effective
1.1	Develop Student Understanding and Mastery of Lesson Objectives	- Lesson objective is missing.	- Lesson objective is unclear and may not be aligned to curriculum or measurable.	- Lesson objective is specific, measurable, and aligned to curriculum.	-Students can demonstrate what they are learning and why it is important, beyond repeating the stated objective.
		- CTE teacher fails to discuss importance of objective or there is no clear understanding among students as to why the objective is important.	- CTE teacher attempts unsuccessfully to explain the importance of the objective or does not make the objective visible to students.	- Importance of the objective is explained and able to be referenced by students so that students understand its purpose.	
		- CTE teacher fails to connect objective to prior knowledge of students.	- CTE teacher's attempts to build on students' prior knowledge are somewhat effective but need improvement.	- Lesson builds on students' prior knowledge of key concepts and skills and makes this connection evident to students.	-Students demonstrate through work or comments that they understand the connection between the current lesson and prior knowledge.
		- Lesson is disorganized and does not lead to mastery of objective.	- Lesson is somewhat disorganized and/or its connection with mastery of the objective is unclear.	- Lesson is well organized to move students toward mastery of the objective.

Performance Indicators		LEVEL 1 Ineffective	LEVEL 2 Improvement Necessary	LEVEL 3 Effective	LEVEL 4 Highly Effective
1.2	Demonstrates and Clearly Communicates CTE Content, Literacy, and Math Knowledge to Students	- CTE teacher rarely or never demonstrates content knowledge and/or delivers content that is factually incorrect.	- CTE teacher occasionally demonstrates content knowledge or delivers content that is partially correct.	- CTE teacher demonstrates content knowledge and delivers content that is factually correct.	- CTE teacher effectively connects content to other content areas, students' experiences and interests, or current events in order to make content relevant and build interest.
		- Content lacks clarity, concision, and organization.	- Content lacks clarity, concision, or organization.	- Content is clear, concise, and well organized.	
		- CTE teacher rarely or never restates or rephrases instruction in multiple ways to increase understanding.	- CTE teacher occasionally restates or rephrases instruction in multiple ways to increase understanding.	- CTE teacher restates and rephrases instruction in multiple ways to increase understanding.	- CTE teacher generates excitement and interest in the content.
		- CTE teacher does not emphasize key concepts in content.	- CTE teacher does not adequately emphasize key concepts in content.	- CTE teacher emphasizes key concepts in content.	- Students ask high-order questions and make connections independently, demonstrating that they understand the content at a higher level.
		- CTE teacher rarely or never uses developmentally appropriate language.	- CTE teacher occasionally uses developmentally appropriate language	- CTE teacher uses developmentally appropriate language and explanations	
		-CTE teacher shows no evidence of integrating Literacy Standards for CTE.	-CTE teacher attempts to integrates state adopted Literacy Standards for CTE when applicable.	-CTE teacher consistently integrates state adopted Literacy Standards for CTE when applicable.	-CTE teacher ensures that state adopted Literacy Standards for CTE are integrated when applicable.
		-The CTE teacher shows no evidence of integrating math strategies for CTE.	-CTE teacher attempts to integrates state adopted math strategies for CTE when applicable.	-CTE teacher consistently integrates math strategies for CTE when applicable.	-CTE teacher ensures math strategies for CTE are integrated when applicable.

DOMAIN 1 - INSTRUCTION

Performance Indicators	LEVEL 1 Ineffective	LEVEL 2 Improvement Necessary	LEVEL 3 Effective	LEVEL 4 Highly Effective
1.3 Engages Students in Learning	- Students are not engaged in learning, and many are off task much of the time.	- Students are actively engaged in learning, and some may be off task a significant amount of time.	- Students are actively engaged in learning and on task most of the time.	- CTE teacher provides ways to engage with learning that significantly promotes student mastery of the objective.
	- CTE teacher may only provide one way of engaging with content OR CTE teacher may provide multiple ways of engaging students that are not aligned to the lesson objective or meaningful learning.	- CTE teacher may provide multiple ways of engaging students, but perhaps not aligned to lesson objective or meaningful learning.	- CTE teacher provides multiple ways, as appropriate, of engaging in learning, all aligned to the lesson objective.	- CTE teacher provides differentiated ways of engaging with learning specific to individual student needs.
	- CTE teacher does not attempt or fails to sustain the attention of the class by maintaining a presence.	- CTE teacher attempts to sustain the attention of the class by maintaining a presence.	- CTE teacher sustains the attention of the class by maintaining a dynamic presence.	
	- Ways of engaging with content reflect no attempt to use different learning modalities or intelligences.	- Ways of engaging with content reflect an attempt to use different learning modalities or intelligences.	- Ways of engaging with content reflect different learning modalities or intelligences.	
	- CTE teacher makes no attempt to adjust instruction for students who do not have the prerequisite skills and knowledge so that students are engaged.	- CTE teacher attempts to adjust lesson accordingly to accommodate for student prerequisite skills and knowledge so that students are engaged.	- CTE teacher adjusts lesson accordingly to accommodate for student prerequisite skills and knowledge so that students are engaged.	
	- CTE teacher makes no attempt to provide appropriate accommodations to engage students in learning.	- CTE teacher attempts to provide appropriate accommodations to engage students in learning.	- CTE teacher provides appropriate accommodations to engage students in learning.	- CTE Teacher provides students with opportunities for enrichment or remediation if time allows.
	- The pace of the lesson is frequently too fast or too slow, or it is disjointed.	- The pace of the lesson is occasionally too fast or too slow, or it is uneven.	- The lesson progresses at an appropriate pace.	
	- CTE teacher does not use technology in instances when suitable technology tools exist that would improve student learning.	- CTE teacher uses technology that is not suited to the learning objective or is not integrated well into the lesson.	- CTE teacher effectively integrates meaningful technology as appropriate as a tool to engage students in learning.	- CTE teacher effectively enhances student learning through the integration of meaningful technology to enhance collaboration, communication, critical thinking, and/or creativity.

Performance Indicators	LEVEL 1 Ineffective	LEVEL 2 Improvement Necessary	LEVEL 3 Effective	LEVEL 4 Highly Effective
1.5 Modify Instruction as Needed	- CTE teacher rarely or never attempts to adjust instruction based on checks for understanding, and any attempts at doing so frequently fail to increase understanding for students.	- CTE teacher attempts to make adjustments to instruction based on checks for understanding, but these attempts do not increase understanding for most students.	- CTE teacher makes adjustments to instruction based on checks for understanding that lead to increased understanding for most students.	- CTE teacher anticipates student misunderstandings and preemptively addresses them.
	- CTE teacher fails to plan differentiated delivery of instruction based on checks for understanding and assessment data to meet diverse student needs	- CTE teacher occasionally plans differentiated delivery of instruction based on checks for understanding and assessment data to meet diverse student needs.	- CTE teacher plans differentiated delivery of instruction based on checks for understanding and assessment data to meet diverse student needs.	
	- CTE teacher responds to misunderstandings by using only CTE teacher-driven scaffolding techniques.	- CTE teacher primarily responds to misunderstandings by using CTE teacher-driven scaffolding techniques when student-driven techniques could have been more effective.	- CTE teacher appropriately responds to misunderstandings with effective, CTE teacher-driven and/or student-driven scaffolding techniques.	- CTE teacher modifies instruction to respond to misunderstandings without taking away from the flow of the lesson or losing engagement.
	- CTE teacher fails to recognize the need to adjust techniques to respond to misunderstandings.	- CTE teacher persists in using a particular technique for responding to a misunderstanding, even when it is unsuccessful.	- CTE teacher continues to try to address misunderstanding with different techniques if the first try is unsuccessful.	
	-CTE teacher fails to communicate with the resource instructor regarding IEP accommodations and modifications to ensure adjustments are made prior to assignments being administered.	-CTE teacher minimally communicates with the resource instructor regarding IEP accommodations and modifications to ensure adjustments are made prior to assignments being administered.	-CTE teacher effectively communicates with the resource instructor regarding IEP accommodations and modifications to ensure adjustments are made prior to assignments being administered.	-CTE teacher consistently and effectively communicates with the resource instructor regarding IEP accommodations and modifications to ensure adjustments are made prior to assignments being administered.
