Next Level Programming discussions are taking place and we are reviewing which programs need to switch to NLPS for next year. Covid protocols are continuing to be discussed and changed as needed.

**Supportive Services**

The GWEC Program is moving forward with student informational meetings and advisory council meetings. GWEC students turned in their resumes and community service forms this month and those are being reviewed with student feedback provided. The process continues for Ball State dual credit enrollment, and the tracking of dual credits earned continues for Vincennes University and Ivy Tech. A small socially distanced Secret Santa gift exchange and other seasonal daily teambuilding activities occurred just before winter break.
