Franklin Administration having breakfast at C9 the day of their Boot Camp experience with C9 students, instructors, and staff.

Dental Careers -students demonstrating how to detect the cause of Hematoma and explain the effects to patients if accidentally caused during a dental visit.

Welding Class speaking with Franklin Administration and preparing them for a lab demonstration on virtual welding.

Medical Assisting student teaching staff how to document and prepare syringe fillings and injection technique.

Culinary Arts Level I engaging in a cooking demonstration for Franklin Administration. The students were displaying their preparation, time for cooking, and different styles for serving a delicious dish.

Bio-Medical student teaching Electro Phoresis process during class time. This process can be helpful with determining DNA during crime scene investigation. Used to identify suspects with certain traits.

Student Mentors during the Student Panel

Student Services

MARKETING/RECRUITING

Glenn and Karin presented High School related information during the monthly Principals meeting. Place Program occurred for Center Grove North Middle School, and we hosted tours for Southport Middle School, Indian Creek High School, and Greenwood Middle School. Karin and Glenn represented C9 at a booth, along with Nicole, during the Endress +Hauser Education Forum. Many C9 presentations were offered during the month at both C9 high schools and middle schools.

ADMINISTRATION – HIGH SCHOOL OFFICE

Karin and Glenn are monitoring absenteeism and contacting schools to provide support and continuing to work on student records management with Skyward. Nine weeks grades have been processed and reported.

SUPPORTIVE SERVICES

Karin and Glenn continue to provide support services to the student population regarding family crisis, financial hardship, etc. Multiple meetings are held with administrations, staff, and students. Communication with the home schools is open and continuous; always the first course of action.
