

## **Adult Education 2017-18 – Request Approval**

Adult Education funding is through Department of Workforce Development. The competitive grant application has been opened up for applications. I will be submitting for both the Adult Basic Education grant as well as the Integrated English Literacy & Civics Education grant. The due date is 03-20-17. I will spend the next six weeks writing the narrative and creating budgets for our program to serve in Johnson, Marion, and Morgan counties, which is where we serve the adult education students currently.

I am asking for approval to submit the grants and therefore giving approval for the Board President, and Mrs. Nicole Otte , Executive Director, permission to sign necessary documentation on the grants.
