

High School Division

Prepared by: Mike Quaranta, Joe Preda, CorrinaVonderwell, Melanie Carpenter

This Month's Highlights

Curriculum and Instruction

I-ACTE

Several teachers attended the Indiana ACTE conference Thursday, September 21, 2017 – Saturday, September 23, 2017. New teachers learned about advisory boards, career and technical student organizations, and classroom management strategies. Veteran teacher attended Friday and Saturday sessions to sharpen their saws.

I-ACTE New Teacher of the Year

On Friday, September 22, 2017, Advanced Culinary Arts Instructor, Chef Tiffany Swopes, was named Indiana ACTE New Teacher of the Year at the I-ACTE Conference in Indianapolis. Congratulations, Chef Tiffany!

Future Ready Institute

Amanda Wilkerson, Alejandra Bannister, Jan Tunis, Jessica Smith, and Mike Quaranta attended the Future Ready Institute in Indianapolis on Monday, September 25 and Tuesday, September 26. The Institute provided leaders with strategies to improve school culture and work toward successful implementation of 21st Century Skills and technology.

Evaluation:

The first round of observations has begun.

Dean of Students

No update.

Student Services

Marketing/Recruiting:

Ms. Naum, Mrs. Otte and Mr. Wormann had an opportunity to tour and discuss partnerships at the IEJATC (Indiana Electrical Joint Apprenticeship Training Center). All students have been given information on how to request their FSA ID in preparation for FAFSA filing. Middle school tours are ongoing. We have arranged career day presentations for eight staff at the Indian Creek Career Day to be held on October 11 (during Fall Break.)

Administration – Student Services Office:

Central Nine won the Transition to College Partner of the Year award at the Ivy Tech Champions Breakfast for dedication to school dual enrollment programs. A formal training program for Student Ambassadors was developed by the Marketing Focus Team and Ambassador trainings were held. Training will be ongoing.

Supportive Services:

Meetings are held monthly with off-site students at the Aviation Technology Center in order to help keep them engaged and focused.
