

High School Division

Prepared by: Mike Quaranta, Joe Preda, Corrina Vonderwell, Melanie Carpenter

This Month's Highlights

Curriculum and Instruction

Staffing:

Mr. David Lucid has joined the C9 team as our new Criminal Justice II Instructor. We are currently seeking Auto Collision Repair Technology and Temporary Health Science Education I Instructors.

Professional Development

On Wednesday, January 17, teachers met in small groups to collaborate, share out, and learn from one another. Topics included classroom management, checks for understanding, literacy and math integration, and meaningful tech tips and apps. Feedback from these sessions were overwhelmingly positive. A second round is planned this month.

Instructional Assistant Training

Instructional Assistants will take part in an hour long web-based training titled Instructional Assistants 101. This training will review important job responsibilities and give our instructional assistants more confidence in the classrooms.

Observations

Observations continue with the new Standard for Success online evaluation program. Feedback from teachers and evaluators has been positive. Observations should conclude before spring break with summative evaluation conferences taking place in April.

Dean of Students

Fundraiser

Chef Swopes Culinary Arts II students hosted a spaghetti night fund raising dinner on Wednesday, January 31st. The dinner was a success raising almost \$1300.

Skills USA

SKILLS competitions have begun and as usual Central Nine is well represented. This past weekend the following students placed in their respective SKILLS competitions.

- 1/22 Met with 18 Franklin Community Students for Student Panel
- 1/26 Private Tour for Center Grove student/parent
- 1/29 Private Tour for Home Schooled student/parent
- 1/30 Center Grove Bridges Academy Tour 8 students
- 1/31 Private Tour for Franklin Community student and counselor
- 1/31 Perry Scheduling Night

Administration – Student Services Office

Current students were enrolled into their classes for next year before enrollments are entered for new students. We are looking into the Aviation Program for the next school year given the changes to the Vincennes University program.

Supportive Services

Ms. Naum continues to work with the Johnson County Aspire group, and to facilitate the Work Ethic program at Central Nine. Ms. Naum also conducted several resume writing workshops in conjunction with the Governor's Work Ethic program.
