

Indiana CTE Course Inventory Changes

Notification of Changes to Indiana Secondary Career and Technical Education (CTE) Courses

Indiana state law (IC 20-37-2) requires schools and/or Area Career and Technical Education Districts to notify the state whenever a Career and Technical Education (CTE) course is added or removed from the high school curriculum.

In Indiana, CTE courses may be offered at a comprehensive high school or in a separate building or buildings organized under an Area Career and Technical Education District. The governing body of the comprehensive school (typically a school board) or of the CTE District (typically called the district management or governing board) may include CTE courses in the school's curriculum as long as:

- The CTE course is listed in Indiana's State-Approved Course Titles and Descriptions:

<http://www.doe.in.gov/achievement/ccr/course-titles-and-descriptions>

Process for local approval of NEW CTE courses:

1. Identify need, interest, and support.
 - Determine if the CTE course is or is not currently on your school or CTE District's approved course list, which is available through the InTERS system. If the course is on the school's program inventory, new course approval and notification is not needed.
 - It is recommended that schools create an advisory committee for the program area and determine the need for the course(s) including data and/or evidence of business/industry needs, student interest, community support, financial resources available to support the course, and sending school support if the course is to be added at a career center.
2. Secure local approval.
 - For courses to be offered at a comprehensive high school:
 - If the school is a member of an Area CTE District, approval of the Area CTE District governing board and the Area CTE Director is required.
 - ***If a CTE director denies a school's request to add the course(s), they may still submit their request to the IDOE for consideration. To do this, email the denied form to doecte@doe.in.gov.***
 - If the school is NOT a member of an Area CTE District, approval of the school's local governing board as well as the Area CTE Director's signature of the area district the school is located in. Contact doecte@doe.in.gov if you need help determining this.
 - For courses to be offered at the Area CTE District's career center, approval of the Area CTE District governing board is required as well as the Area CTE Director.
3. Complete and the "New Secondary Career and Technical Education Course" form attached.
4. Notify the Indiana Department of Education whenever new courses are added or current course are removed by submitting copies of this form to the contacts below. **Submit notification by July 1 in order to have new course reflected on the school's program inventory for fall semester.**

Notification of Changes To Secondary Career and Technical Education Course Offering(s)

1. School

School #	School Name: Perry Meridian High School
Corp #	School Corporation Name: Perry Township Schools

2. Area CTE District

Member of Area CTE District? ___ No <u>X</u> Yes	
Area CTE District #	
Area CTE District Name	Central 9 Career Center

3. Anticipated Start Date: _____ July 2018 _____

4. Course Titles to be added or removed:

Add/ Remove	IDOE Course #	IDOE Course Title (state-approved course titles required)	Indiana College & Career Pathway(s) in which course will be used
Add	4560	Business Law and Ethics	Business and Marketing
Add	4810	Computer Integrated Manufacturing	STEM
