

"Central Nine exists to engage and empower students by providing career-based instruction in an innovative learning environment. We make an IMPACT on our students' personal and professional SKILLS, which enables them to succeed in post-secondary and career opportunities."

Governing Board Report – High School Division

February Highlights

February 13, 2020

Report prepared by Mike Quaranta, Joe Preda, Melanie Carpenter, and Corinna Vonderwell

Staff Services (Curriculum, Instruction, Programs, Staffing)

Staffing

Early Childhood Education interviews will take place next week. Health Science Education II: Athletic Training/Exercise Science interviews will take place in March.

Awards Day

Central Nine Awards Day will be held at the Johnson County Indiana National Guard Armory on Thursday, May 7. The National Guard will be providing transportation to and from the Armory for each session. This welcomed change allows us to have one ceremony for each session where all students can celebrate together. (Last year we had six separate ceremonies throughout the day.)

Mock Interviews

Students earning the Governor's Work Ethic Certification took part in Mock Interviews on Wednesday, February 12. Business and industry partners assisted with interviewing our students. A mock interview is just one of the requirements to earn the certification.

Observations

The second round of observations are in full swing. Summative evaluations will be completed by spring break and conferences will be held in April.

A very successful Boot Camp was held on 1/24 for 52 guests who attended from all partner schools as well as from Roncalli and Greenwood Christian Academy. The Boot Camp was held for those who may recommend Central Nine to students and parents, but had never experienced Central Nine previously. Guests included those who were administrators, teachers' of record, special education teachers and counselors. We are looking forward to Career Day later this month and we have set up a Scholar Lab in March to assist any Twenty-first Century Scholar in the completion of their Scholar Track Account and/or any seniors who need assistance with filing the FAFSA.

Administration – Student Services Office

Plans are under way to submit three of our programs as Early College programs in the 2021 school year and meetings are being held to work out the “nuts and bolts” of how to transition from Project Excel to Early College for those three classes to begin with. Nineovations Summer Camp will be held again this year and information will be pushed out to middle schools in the near future. The dates for the camp will be June 1-5 with June 1-2 hosting grades 4 and 5 and June 3-5 hosting grades 6-8.

Supportive Services

In January, we started a student/staff mentoring program in which staff members get to check in with a few students each to build rapport and offer support. It is off to a good start and this group will continue until spring break, with a new group starting after break. We have over one hundred students still enrolled in the Governor's Work Ethic Certificate program. Most of these students participated in a workshop with Ms. Greven and/or Mrs. Teter in preparation for their mock interview in February. A group of Administrators visited the National Guard Armory in Franklin. They have offered their facility for our Awards Day Celebration in May. A decision was made after the visit to use the facility and have one awards presentation in the AM and one in the PM Sessions on May 7, 2020.
