

"Central Nine exists to engage and empower students by providing career-based instruction in an innovative learning environment. We make an IMPACT on our students' personal and professional SKILLS, which enables them to succeed in post-secondary and career opportunities."

Governing Board Report – High School Division

August Highlights

August 13, 2020

Report prepared by Mike Quaranta, Joe Preda, Melanie Carpenter, and Corinna Vonderwell

Staff Services (Curriculum, Instruction, Programs, Staffing)

Staffing

We are currently seeking a Landscape Management/Horticulture Instructional Assistant and a general Instructional Assistant.

Deep Equity Training

On Monday, August 3, 2020, the entire staff took in virtual Deep Equity Training. The training centered on working together to create a culture of inclusion, equity, and excellence. During the training, staff worked collectively and in small groups and had honest discussions to help our students feel welcomed and accepted. We will continue to focus on inclusion, equity, and excellence as we move forward.

Meet the Teacher Night

Central Nine instructors will hold a virtual Meet the Teacher Night with their students' parents next week. Instructors will share an overview of the program, expectations, and a continuous learning plan should we suddenly be required to switch to virtual learning.

First Days

The opening days of school have been going smoothly. Students and staff are following protocols and doing their best to be as safe as possible.

Student Services

Marketing/Recruiting

- 7/20-21 Back-to-school event at Franklin Central High School

Student Services welcomed Mrs. Chandra Beers in the position of Data Specialist. We currently have 1279 students enrolled (as of 8/11/20). It is important to note that several schools have opted to allow students to choose an e-learning or hybrid model of learning at the partner school and many of those are not attending Central Nine that were previously registered.

Administration – Student Services Office

Student Services continues improve drop/add functions (converting to a digital format) so that students can find the right fit.

Supportive Services

Student Services staff continue to support the ancillary programs such as AVMT and Paul Mitchell with off-site programming, registrations and enrollments working virtually from home most of the summer.
