Staff Services (Curriculum, Instruction, Programs, Staffing)

Staffing

Marilyn Pfaunmiller has joined the team as our new Resource Instructional Assistant. Marilyn is not a stranger to Central Nine—she previously worked as a C9 technology intern a few years ago. We are currently seeking a Technology Coordinator.

Next Level Programs of Study

Representatives from Student and Staff Services continue to meet with programs regarding the implementation of Next Level Programs of Study. These pathways will allow students to become concentrators after one year at Central Nine. NLPS provides rigorous paths of study and more opportunities for dual credit and work-based learning experiences. We are working to schedule a meeting with our partner Curriculum Directors to continue the discussion and build future programming.

Professional Development

On Wednesday, instructors will meet for a large group discussion on best practices in the world of COVID and hybrid schedules.

Evaluation

Second round of observations are underway. These observations will conclude in April and will be followed by Summative Evaluations.

Administration – Student Services Office

Plans are under way to submit four or five of our programs as Early College programs in the 2021 school year and meetings are being held to work out the “nuts and bolts” of how to transition from Project Excel to Early College. The next step is to schedule site visits, which will hopefully be held in February, 2021. We continue COVID monitoring with our internal team weekly and monitor the School Nursing webcast weekly as well.

Supportive Services

Students enrolled in the Governor's Work Ethic Certificate (GWEC) have been submitting resumes and community service hours throughout the month of January and will be preparing for mock interviews soon. The student job board is up and running and local job opportunities are coming in weekly. Scholarship information is also being shared through Canvas as it comes in.
