### Mission of the School

Central Nine exists to engage and empower students by providing career-based instruction in an innovative learning environment. We make an IMPACT on our students' personal and professional SKILLS, which enables them to succeed in post-secondary and career opportunities.

#### NOTE:

This student handbook is based in significant part on policies adopted by the Central Nine Governing Board and administrative guidelines developed by the director. Those policies and guidelines are incorporated by reference into provisions of this student handbook. Policies and administrative guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in the student handbook since it was adopted on **July 08, 2021**. If you have questions or would like more information about a specific issue or document, contact the Dean of Students or the Director. You may access the document on Central Nine Career Center's website: [www.central9.k12.in.us](http://www.central9.k12.in.us) by clicking on and finding the specific policy or administrative guideline in the Table of Contents for that section. A copy is also available in the Director's Office.

### SCHOOL HISTORY

Central Nine Career Center is an area career/technical school dedicated to the development of the knowledge and skills necessary to prepare students for employment in a chosen career and/or furthering their education at a post-secondary institution. Central Nine is located at 1999 U.S. 31 South in Greenwood, Indiana, and provides career and technical education for a geographic area that encompasses all of Johnson County, the southeast township of Morgan County, and a main portion of the southern third of Marion County. The school serves eight school corporations, which send students from nine high schools. Those high schools are: Beech Grove High School, Center Grove High School, Franklin Central High School, Franklin Community High School, Greenwood Community High School, Indian Creek High School, Perry Meridian High School, Southport High

School, and Whiteland Community High School. These schools will be referenced herein this document as partner schools.

The doors to Central Nine opened in the fall of 1972 after a feasibility study was initiated in August, 1969. The school now consists of seven buildings including approximately 125,032 square feet of classrooms, laboratories, offices, and other instructional resource facilities on 65 acres. It is designed to accommodate 850-900 students for each of its two sessions per day for a total of 1,700-1,800 total students. A building project was initiated in the fall of 2007 and phase one was completed in the summer of 2008. This phase of the building project added a new restaurant, more health science classrooms, a large group instruction room, and main office. There were several program area upgrades included in this project. A second phase of our building project began in March of 2009 and includes more program and facility upgrades. Phase two was completed in the summer of 2009. Phase three of our building project started in May of 2010 and was finished at the end of the 2010/2011 school year.

This school year, Central Nine will offer 27 varied career and technical programs, two of which are held off-campus at post-secondary institutions. All programs are funded by the partner school corporations. Each student attends either the A.M. or P.M. session every school day and the remainder of the student's school day is spent at their partner school so that he/she may complete the required courses for graduation and participate in extracurricular activities. Most programs offer dual credit and/or certification.

## STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of Central Nine Career Center are designated to allow each student to obtain a safe, orderly and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. mail, hand delivery, electronic mail and/or a phone call may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. ~~If, for some reason, this is not possible, the student should seek help from their Student Services Coordinator.~~

### ~~INJURY AND ILLNESS - Moved~~

~~Central Nine does not have a nurse, therefore all injuries must be reported to a teacher or the office. For a minor injury, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures and attempt to make contact with the student's parents.~~

~~A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.~~

## ENROLLING IN CENTRAL NINE CAREER CENTER

All students must enroll in the corporation (partner school) in which they have legal settlement, unless other arrangements have been approved by that school. Prior to attendance at Central Nine Career Center, enrollment and/or permission to attend Central Nine Career Center will be checked with the partner school.

Non-resident students should refer to the Corporation Policy 5111 for eligibility requirements to enroll. Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

## **SCHEDULING AND ASSIGNMENT TO SPECIFIC PROGRAMS**

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Both the partner school and Central Nine Career Center have agreed upon this schedule. Any changes in a student's schedule should be handled through Central Nine Career Center's Student Services Coordinators. Central Nine Career Center's Student Services Coordinators will work in conjunction with the partner school with any schedule and/or program change. It is important to note that some student requests to take a specific course may be denied. Students are expected to follow their schedules.

### **~~EARLY DISMISSAL~~-Moved**

~~No student may leave school prior to dismissal time without a request by a person whose name is on file in the school office.~~

## **TRANSFER OUT OF SCHOOL**

If a student plans to transfer from Central Nine Career Center, the parent must notify both Central Nine Career Center's Student Services Coordinator and the partner school's counselor. Central Nine Career Center's school records shall be transferred within five school days to the partner school which will forward all school information to the new school corporation.

## **WITHDRAWAL FROM SCHOOL**

No student under the age of 18 will be allowed to withdraw from Central Nine Career Center and the partner school without an exit interview with the - partner school principal and/or a designee who must agree to the withdrawal. The partner school principal is also required to provide to the Bureau of Motor Vehicles the name of any student under the age of 18 who withdraws from school for revocation of the student's driver's license. The student also may not be able to obtain an employment certificate needed to obtain a job. No ~~student fees textbook~~ and/or parking pass refunds will be ~~given~~ refunded when a student withdraws from Central Nine Career Center.

## **INJURY AND ILLNESS**

Central Nine does not have a nurse, therefore all injuries must be reported to a teacher or the office. For a minor injury, the student will be treated and may return to class. If medical attention is

required, the office will follow the school's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

## **IMMUNIZATIONS**

Students must provide documentation that complies with the rules set forth by the Indiana State board of Health that all immunizations required by law are current. These records will be kept with the partner school. Certain programs at Central Nine Career Center may require specific immunizations prior to enrollment.

From time-to-time other communicable diseases may be designated by the State Board of Health as diseases that require immunizations. For the safety of all students, the partner school principal may remove a student from school or establish a deadline for meeting state requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the partner school superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the Dean of Students.

## **USE OF MEDICATIONS**

In those circumstances where a student must take prescribed medications during the school day, the following guidelines are to be observed.

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form must be filed with the Dean of Students before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the Student Services Office.
- D. Medication that is brought to the office will be properly secured.
- E. Students who may require administration of an emergency medication may have such medication stored in the Student Services Office. However, if authorization for self-medication has been provided by the parent and physician, the student may retain possession of self-administered medications.
- F. Central Nine Career Center may send home medication that is possessed by the school for administration during school hours or at school functions with a student if the student's parent provides written permission for the student to receive the medication.

- G. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of the school year.
- H. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- I. If given in the office, a log for each prescribed medication shall be maintained, which will note the personnel giving the medication, the date and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

### **SELF-ADMINISTERED PRESCRIPTION MEDICATION**

A student may possess and self-administer medication for chronic diseases or medical conditions provided the student's parent files a written authorization with the Dean of Students. The written authorization must be filed annually. A physician's written statement must be included with the parent's authorization.

- A. The physician's statement must include the following information:
  - 1. An acute or chronic disease or medical condition exists for which the medication is prescribed.
  - 2. The student has been given instruction as how to self-administer the medication.
  - 3. The nature of the disease or medical condition requires emergency administration of the medication.

Central Nine Career Center, the Governing Board, or its employees are not liable for civil damages as a result of a student's self-administration of medication for an acute or chronic disease or medical condition except for an act of omission accounting to gross negligence or willful and wanton misconduct.

### **SELF-ADMINISTERED NON-PRESCRIBED (OVER-THE-COUNTER) MEDICATIONS**

No staff member will be permitted to dispense non-prescribed, over-the-counter medication to any student.

Parents may authorize Central Nine Career Center to allow the student to self-administer non-prescribed medications. Student and parents must fill out this form, which is available in the Student Services Office. A physician does not have to authorize such medication.

If a student is found using or possessing a non-prescribed medication, over the counter supplement or CBD product without parent authorization, s/he will be brought to the Dean of Students' office and the parents will be contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug use provisions of the code.

### **DIABETES MANAGEMENT AND TREATMENT PLAN**

A diabetes management and treatment plan shall be prepared and implemented for a student with diabetes for use during school hours or at a school related event or activity. The plan shall be developed by the licensed health care practitioner responsible for the student's diabetes treatment and the student's parent/legal guardian.

### **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS**

Because Central Nine Career Center has a high concentration of people, it is necessary to take specific measures when health or safety of the group is at risk. Central Nine Career Center's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest, such as lice. Specific diseases can include but are not limited to: diphtheria, Covid 19, scarlet fever, strep infections, whooping cough, mumps, measles, rubella and other conditions indicated by the local and state health departments.

Any removal will be limited to the contagious period as specified in the school's administrative guidelines and/or by local and state health departments' guidelines.

### **CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES**

Central Nine Career Center has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people, including the county health department. Central Nine Career Center will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B and other diseases that may be specified by the state board of health.

As required by federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **SPECIAL EDUCATION**

The American's with Disabilities Act (A.D.A) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving federal financial assistance. This protection applies not just to the students, but all individuals who have access to the Central Nine Career Center's programs and facilities.

The law defines a person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such impairment.

The partner school has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Students are entitled to a free appropriate school education in the "least restrictive environment." The partner school and Central Nine Career Center provide a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the partner school and Central Nine Career Center encourages the parent to be an active participant. To inquire about the procedure, a parent should contact their partner school counselor or Central Nine Career Center's Student Services Coordinator.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the partner school and Central Nine Career Center, the student and the student's parent(s). Parents, who believe their child may have a disability that interferes substantially with the child's ability to function properly in their program, should contact either their - partner school counselor or Central Nine Career Center's Student Services Coordinator at 317-888-4401 x 231.

## **PROTECTION AND PRIVACY OF STUDENT RECORDS**

Central Nine Career Center maintains many student records including both directory information and confidential information. Directory information can be provided upon request to any individual, other than a for profit organization, even without the written consent of a parent. Parents may refuse to allow the governing board to disclose any or all “directory information” upon written notification to the governing board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may consult the governing board’s annual Family Education Rights and Privacy Act (FERPA) notice.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, social security numbers and communications with family and outside service providers. Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records, please provide a written notice identifying requested student records to either the principal of your - partner school or Central Nine Career Center’s Dean of Students. ## STUDENT SAFETY AND SECURITY

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, and safety drills. In the event of an active shooter or other violent attack, accident reporting procedures are in place. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately. Events do not happen impulsively, spontaneously or without warning. If you see or hear something, say something. Students and/or parents may call or text the NineLine at 317-300-4182 to anonymously report any bullying, or suspicious or unlawful activity that they believe will impact Central Nine.

The following procedures will be followed to ensure student safety.

- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. As many unneeded outside doors as possible are locked during the school day.

## **TECHNOLOGY USE AGREEMENT**

## **Technology Usage**

### **Responsibilities of Central Nine Career Center Technology Users:**

Central Nine Career Center is pleased to offer its students access to both a school-wide network for sharing educational software as well as access to the global network known as the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for lifelong learning. It should be understood that the above-mentioned benefits and value to our students' education is a shared responsibility shared among students, parents and school employees. If this endeavor is looked upon as a cooperative effort to prepare students for the 21st century, it will without a doubt, be much more successful. In addition to the Internet, our students are exposed to a number of technologies including, but not limited to: online testing, Virtual Reality, E-Learning through Learning Management Systems, handheld computing devices and a multitude of other items too numerous to mention. In order to provide access to information and to communicate with others throughout the world, Central Nine Career Center provides and maintains a substantial network infrastructure. Due to the complexities and openness of these networks and the variety of information available, it is important that users adhere to these guidelines to ensure continuing trouble free operation. The following guidelines are general in nature. For more detailed guidelines, refer to administrative guidelines 7540.03 and 7540.06 referenced at the Central Nine website under Central Nine Bylaws and Policies.

Making Internet access available carries with it the potential that someone might encounter information that some have identified as controversial and of potential harm to others. Central Nine Career Center is dedicated to providing a safe educational environment. To this end, and to ensure our compliance with the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (N-CIPA) we utilize filtering technology that blocks access to 1) Obscenity 2) Child Pornography and 3) Materials harmful to minors on ALL school computers including student, staff and administrative computers. For staff members participating in verifiable research, the CIPA does allow for temporary disabling of the filter. Disabling of the filter for minors is not permissible.

Given the constantly changing information environment, it is not possible to guarantee that all controversial materials will be totally eliminated on the schools' network system (congruent with the CIPA and N-CIPA). At the same time, school officials want to make sure that users of corporation owned technology are aware of their responsibility to use the resources in an ethical and educational manner. The focus should shift from controlling the environment to providing individual users with the understanding and skills needed to use our technology system in ways appropriate to their

~~individual educational needs.~~

~~Taking into account the above-mentioned statements, Central Nine Career Center believes that parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Toward that end, Central Nine Career Center makes our complete technology usage policy and procedures available upon request for review by all parents, guardians, and other members of the community; and provides parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.~~

~~All information services and features contained on the Network/Internet system or other media format are intended for the educational use of its patrons, and any commercial or unauthorized use of those materials or services in any form, is expressly forbidden. The use of technology is a privilege that may be revoked at any time for conduct that embarrasses, harms, or in any way distracts from the good reputation of Central Nine Career Center or any organizations, groups, and institutions with which the corporation is affiliated. The administration will be the sole arbiter of what constitutes this unacceptable behavior. Central Nine Career Center reserves the right to review any material stored in files or other media format and will edit or remove any material that the administration believes may be unlawful, obscene, abusive, or otherwise objectionable. Students must abide by all the rules and regulations of the system usage as described by the system administrator of Central Nine Career Center's network system.~~

~~In consideration for the privilege of using the Central Nine Career Center's Network/Internet system and in consideration for having access to the information contained on it, one releases Central Nine Career Center and all organizations, groups and institutions with which the Central Nine Career Center Network/Internet system is affiliated for any and all claims of any nature arising from use, or inability to use, the Network/Internet system. Access to any use of any technology device is subject to limitations as may be established by the administrators of the system, and may be changed at any time without notice.~~

~~With the rights and privileges of technology usage come certain responsibilities. Users need to familiarize themselves with these responsibilities. Failure to adhere to them may result in the loss of network use privileges and other disciplinary measures:~~

- ~~1) **Ethical and Educational Use.** The user has full responsibility to use the Network system in an ethical and educational manner. Students are not permitted to use either the school wide network or the Internet without permission of and must be supervised by a member of the professional staff of Central Nine Career Center. Privileges to use the Network may be revoked, if it is determined that an individual has abused this privilege. The administration will be sole arbiter of what constitutes this abuse.~~
- ~~2) **Never share your password with anyone.** The user has full responsibility of the use of an account. Violations of this policy that can be traced to an individual account name will be~~

~~treated as the sole responsibility of the owner of the account.~~

- ~~3) **Do not knowingly degrade the performance of the network.** E-Mail, chain letters, live streaming of video, peer to peer network gaming and music/video downloads are examples of activities prohibited by these guidelines.~~
- ~~4) **Obey the rules of copyright.** Technology users must respect all copyright issues regarding software, information, and attributions of authorship. **No software whether commercial or shareware may be installed on the system without the express permission of the network administrator.** It is understood that all student and staff members will respect current copyright laws as they pertain to ANY technology device used on school premises. This includes the public exhibition of any copyrighted material.~~
- ~~5) **Posting personal communications to a public forum without the original author's prior consent is prohibited.** To do this is a violation of the author's privacy. However, all messages posted in a public forum such as news groups or aliases email may be copied in subsequent communications, so long as proper attribution is given.~~
- ~~6) **Use of the network for any illegal activities is prohibited.** Illegal activities include tampering with computer hardware or software, unauthorized entry into computers, or knowledgeable vandalism or destruction of computer files. Such activity is considered a crime under state and federal law.~~
- ~~7) **Avoid the spread of computer viruses.** "Computer viruses" are programs that have been deployed as pranks, and can destroy valuable programs and data. Deliberate attempts to degrade or disrupt system performance of the Network or any other computer system or network on the Internet by spreading computer viruses is considered criminal activity under state and federal law. **Additionally, users who introduce viruses to the system through negligence may be required to pay restitution for damages incurred.**~~
- ~~8) **Chat rooms, non-school email servers and public proxy servers are prohibited.** The student use of chat rooms and home emails servers causes personal risks to students that we as a school corporation cannot manage. Student email should be channeled through our student email server when appropriate.~~
- ~~9) **Use appropriate language.** Profanity or obscenity will not be tolerated. All participants should use language appropriate for school situations as indicated by school codes of conduct.~~
- ~~10) **Avoid Offensive or inflammatory speech.** Internet users must respect the rights of others both in the local community and within the Internet at large. Personal attacks are an unacceptable use of the network. If you are a victim of such messages, bring the incident to the attention of a teacher or school administrator.~~
- ~~11) **Harassment of any form will not be tolerated.** Communication on our network system should be of a professional nature. Messages intending to harass, annoy, bother or disrupt the educational mission of Central Nine Career Center are strictly prohibited. Additionally, any person violating this policy will be subject to disciplinary action and, depending upon the nature of the harassment, may be submitted for judicial action as well.~~

- ~~12) Impersonation, anonymity, or pseudonyms are not permitted. As an educational network, we believe that individuals must take responsibility for their actions and words.~~
- ~~13) Accessing, uploading, downloading or distributing inappropriate materials are not permitted. Internet users must realize that accessing, uploading, downloading or distribution of pornographic, obscene, or sexually explicit material is strictly prohibited, and will not be tolerated in any manner.~~
- ~~14) Accessing another individual's materials, information, or files without permission is prohibited. Network users must respect the rights of others' electronic property and not access or otherwise use or tamper with such property without permission from the owner.~~
- ~~15) Peer to Peer file sharing applications are strictly prohibited. Due to frequent copyright infringements, virus issues, and network performance issues, the use of such applications is prohibited by all students and staff members.~~

## TECHNOLOGY USE AGREEMENT

### STUDENT ACCEPTABLE USE OF TECHNOLOGY AGREEMENT 2021-2022

**Overview.** Central Nine Career Center (“Career Center” or “Central Nine”) makes a variety of electronic communications systems and information technologies available to students for educational purposes. When properly used, these technologies promote education by facilitating research, innovation, collaboration, communication, and resource sharing. With this educational opportunity comes responsibility. Illegal, unethical, or inappropriate use of technologies can harm the Career Center, its students, and its staff. This Student Acceptable Use of Technology Agreement (“Use Agreement”) is designed to ensure that the advantages gained from the use of technological resources consistently outweigh any disadvantages. The Use Agreement does this by setting and communicating to students and parents the Career Center’s minimum standards for the use of school-owned systems and technology.

**Mandatory Review.** Every school year, each student and their parent, guardian, or legally responsible care provider must review the guidelines and disclosures contained in this agreement, as well as Central Nine Career Center Board Policies 7540.03 and 7540.06, found through [www.central9.k12.in.us](http://www.central9.k12.in.us) under Central Nine Bylaws and Policies. Each student and their legally responsible care provider will be asked to sign a copy of the Central Nine Student Handbook, which contains a copy of this Use Agreement acknowledging receipt, understanding, and agreement to its terms.

**Career Center Technology Systems.** The Career Center’s electronic communication systems and information technologies (“system” or “network”) include any configuration of Career Center owned, controlled, or used hardware and software. The system includes, but is not limited to, the Career Center’s network, servers, computers, mobile devices, peripherals, applications, online

resources, Internet access points, email accounts, software, digitized information, internally or externally accessed databases, telecommunications technology, and any other technology designated by Career Center administration for student use.

**Student Use Standards and Expectations.** The system is provided primarily for educational and instructional purposes. If there is any doubt about whether a contemplated activity is acceptable, students or their care providers should consult a Career Center staff member before proceeding with the activity. In all cases, students must strictly adhere to the standards and expectations described below, the standards set forth in Board Policies 7540.03 and 7540.06, and all other applicable Career Center policies and laws. The Career Center reserves the right to determine which uses constitute acceptable use and to limit access to such uses. Use of the Career Center's systems and technology is a privilege, not a right.

**A. Students shall use only their own accounts and access credentials.**

Students are personally responsible for the proper use of their accounts and access credentials (logon or password). To ensure proper use, students must never allow anyone else to use their account or their access credentials. Students must not share their access credentials or allow others to use their account while already logged on. It is a violation of this section for students to use, attempt to use, or facilitate access to another student's account or access credentials, *even if the other student permits or facilitates the use.*

**B. Students shall use the system primarily for educational and instructional purposes.**

Students shall use the system to promote their education and the education of other students. Students should not misuse school resources through non-educational uses. For example, unless directly related to a staff-directed school activity, students should not use the system to play video games, download music, watch videos, or participate in chat rooms.

**C. Students using the system shall follow the law, Career Center policy, and school rules.**

All Career Center policies and regulations and all school rules related to student activities, conduct, and speech apply with full force to a student's use of the system. A few specific policies bear special mention:

**No inappropriate content.** Students must not create, publish, submit, access online, or display any information that is abusive, obscene, libelous, slanderous, or illegal. The Board Policy 7540.03, prohibits students from posting materials which are obscene, libelous, or slanderous, or which demonstrably incite students to commit unlawful acts on school premises, violate school rules, or substantially disrupt the Career Center's orderly operation. Violations of this section include, but are not limited to students using the system

to encourage the use of drugs, alcohol, or tobacco, students using the system to cheat, and students using the system to gamble.

**No bullying.** When using the system, students shall not bully, threaten, or intimidate. The Board Policy 5517.01 prohibits the bullying, harassment, discrimination, and intimidation of Career Center staff and students. This prohibition extends to actions taken using the system. Because of this, the prohibition against bullying includes, but is not limited to, cyber-stalking and cyber-bullying.

**D. Students using the system shall protect their privacy and the privacy of others.**

Unless directly related to a staff-directed school activity, and unless the student follows the guidelines established by staff, students shall not use the system to distribute their private information or the private information of others. Private information includes, but is not limited to, account numbers, access credentials, home addresses, telephone numbers, and student records. It is a violation of this section to use the system to publish pictures, videos, recordings, or copied text of other students or staff, without prior written approval of the person whose image is being used.

**E. Students shall respect and protect the integrity and security of the system.**

Students shall not, and shall not attempt to, damage, destroy, or bypass the system. Students shall not, and shall not attempt to, vandalize, steal, or intentionally damage the system, any component of the system, or any Career Center equipment. For example, students must not upload, download, or create computer viruses, send mass emails or spam, or intentionally cause a disruption of electronic services. Unless given express permission, students shall never attempt to access, modify, download, or manipulate private Career Center data or the data of any other user. Students guilty of hacking, vandalism, theft, or intentional damage are liable for the full extent of harm caused and damages may far exceed the cost of repair, replacement, and remediation.

**F. Students shall not alter the system without express authorization.**

Except as directed by an authorized staff member, students must not alter computers, networks, printers, hardware, software, or any other equipment or part of the system. For example, the Career Center uses filtering technology, security technology, and protection measures to restrict access to inappropriate materials. It is a violation of this section for students to bypass or attempt to bypass these technologies and measures. This prohibition includes downloading or installing software, changing settings, or any other alterations, except as specifically directed by a staff member.

**G. Students shall respect the intellectual property rights of others.**

Students shall comply with all laws, Career Center policies, and school rules related to copyright and plagiarism. For example, students shall not make illegal copies of music, pictures, images, videos, games, software, apps, files, or movies. Further, students shall always properly cite sources when using the work of others.

**H. Students shall respect the community.**

The Career Center strives to create and maintain a positive school climate in which all students can feel comfortable and take pride in their school and their achievements. In furtherance of this goal, the Career Center expects and requires that students demonstrate respect for each other and staff in their communications. Conduct, including the use of language, that is inappropriate in the classroom, is inappropriate when using the system.

**I. Students shall report any violations of the Use Agreement to Staff.**

**Consequences for Violation.** Violation of any of these standards and expectations may result in suspension or loss of the privilege to use all or a portion of the system. Violation may also result in disciplinary action pursuant to Career Center policies and the Indiana Code Title 20. Education, as well as, criminal or juvenile delinquency prosecution.

**Student Access to the System and the Internet.** The Career Center is dedicated to providing a safe educational environment. To this end, and to ensure our compliance with the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (N-CIPA), the Career Center uses filtering and protection measures that are designed to restrict access to inappropriate materials, such as (a) obscenity, (b) child pornography, and (c) materials harmful to minors on ALL Career Center technology devices including student, staff, and administrative computers. Although the Career Center takes all possible methods to prevent such access, such measures are never perfect. Because of this, each student must follow the rules for appropriate, responsible, and acceptable use and report violations of the Use Agreement. By completing this Use Agreement, the parent, guardian, or legally responsible caretaker for each student acknowledges that filtering protection measures cannot provide complete protection against the risks inherent in the use of the Internet and wireless communications, determines that for their child the benefits of the use of the system outweigh the risks, and assumes the risk associated with their child's use of the system.

**Supervision and Monitoring.** A student's use of the system, including but not limited to off-campus use of Career Center issued laptops, Chromebooks, tablets, and other related peripherals, is not private. Administrators and staff may review files, messages, use history, and other records: (a) to maintain system integrity; (b) to ensure users are acting responsibly; (c) to further the health, safety, discipline, and security of a student or other person; (d) to protect property; and (e) for any

other lawful purpose consistent with Career Center policies and school rules. Users should have no expectation of privacy with respect to their activities on the system on- or off-campus and any system files stored on Career Center servers or on- or off-site storage sites. Parents are solely responsible for the off-campus supervision of their child's internet and technology usage, even when that usage occurs on a Career Center issued device or is part of a school project.

**Disclaimer of Liability.** The Career Center is not responsible for the accuracy or quality of the information obtained through or stored on the system. The Career Center will not be responsible for financial obligations arising from unauthorized use of the system. Additionally, the Career Center will not be responsible for roaming or data charges that may occur if a personal device detaches from the Career Center's network. The Career Center will not be responsible for any theft of a personal device. Network privileges, including Internet access, and any education accounts, will be granted only after the signature page acknowledging the Student Handbook and this Use Agreement is received.

**Hold Harmless and Indemnification.** By completing this Use Agreement, each student and their parent, guardian, or legally responsible care provider expressly and individually agree that they will not hold the Career Center or any Career Center staff responsible for the failure of any filtering and technology protection measures designed to restrict access to inappropriate materials, any violations of copyright restrictions, or any other user mistakes or negligence.

By signing this document, you and your child acknowledge receipt, understanding, and agreement to the Use Agreement and each of its provisions.

## **DENIAL OF PERMISSION TO RELEASE CERTAIN STUDENT INFORMATION WITHOUT PRIOR WRITTEN CONSENT**

Dear Parent:

Sometimes, the media, colleges and school groups request information about our students. They might want to publish photos, names of award winners or information about specific school events, etc. Our website and school newsletter also want to publish photos and information about involved students.

On rare occasions, parents/guardians do not wish to have their children's photos, names or other information released. If that is the case with you, please print off this form, circle the specific information that you do not wish to be released, sign and return to the Dean of Students.

**If you have no problems with your child's information being released under protected circumstances, you do NOT need to complete or return this form.**

Please circle the specific categories that you do not wish to be released.

2. Photo
3. Video
4. Student work for display at the discretion of the teacher

### **LOST AND FOUND**

The lost and found area is in the Student Services Office. Students who have lost items should check with the secretary and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of each nine weeks.

### **USE OF OFFICE TELEPHONE**

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call. Office personnel will initiate all calls on behalf of a student seeking permission to leave school. Students may use office phones to contact parents relating to school business.

### **USE OF WIRELESS COMMUNICATION DEVICES (WCD)**

Students may use personal communication devices (PCDs) before and after school, and during break as long as they do not create a distraction, disruption or otherwise interfere with the educational environment. During class activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by a staff member.

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g. iPhone, Android devices, or any other smart phones, Windows Mobile devices, etc.)), and/or other web-enabled devices of any type.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Except as authorized by a teacher or administrator, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day and may be directed to delete the audio and/or picture/video file. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The administration is authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The school administrator will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in Corporation custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the Dean of Students.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office at 317-888-4401.

Some field trips may have a cost associated with them. This may include, but is not limited to: cost of driver and gas, cost of lunch, cost of admittance, etc.

## **GRADES**

Central Nine Career Center has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

Central Nine Career Center uses the following grading scale:

100	A+
92 – 99	A
90 – 91	A-

88 – 89	B+
82 – 87	B
80 – 81	B -

~~(Specific classes aligned with colleges, dual credit, specific programs, etc., may use a different grading system. Please check with your teachers' specific grading system used.)~~

~~Below is the Aviation Maintenance (Vincennes University) grading scale. This grading scale is different than Vincennes University's grading scale on campus.~~

<del>94 – 100</del>	<del>A</del>
<del>90 – 93</del>	<del>A-</del>
<del>87 – 89</del>	<del>B+</del>
<del>83 – 86</del>	<del>B</del>
<del>79 – 82</del>	<del>B-</del>
<del>76 – 78</del>	<del>C+</del>

<del>70 – 72</del>	<del>D</del>

Parents and students may view their grade any time by going on-line through our school software. Grades will also be reported to the - partner school so they may be placed on their report cards and on the student's permanent records.

Semester grades are calculated (not including semester finals) as a running average of the entire semester. They are not calculated by averaging the first and second nine weeks' grades.

~~The Governor of the State of Indiana will award a Work Ethic Certificate to C9 students who have met specific criteria.~~ **Students who have met specific criteria will receive a certificate signed by the Governor of the State of Indiana.** The certificate will serve as validation that those students possessing this credential have successfully displayed strong work habits that will foster success in higher education and the workplace.

## SECTION IV

### STUDENT ATTENDANCE

#### ATTENDANCE

~~It is imperative that students attend each school day in order not to miss a significant portion of their education. Central Nine Career Center is also concerned about helping students develop a high quality work ethic which will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit Central Nine Career Center wants to help students develop as early as possible in their school careers.~~

Central Nine Career Center highly values student attendance. It is imperative that students attend each school day in order to not miss a significant portion of their education in their program classes. This value on attendance helps students develop a high-quality work ethic which will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. Positive attendance to class mirrors that work habit.

#### NOTIFICATION OF ABSENCE

Parents must provide an explanation for their child's absence by phone within 24 hours of the student absence. If prior contact is not possible, the parents should provide a written excuse when the student returns to school. If the absence can be foreseen and the "good cause" is to be approved by the administration, the parent should arrange to discuss the matter as many days as possible before the absence will occur so that arrangements can be made to assist the student in making up the missed schoolwork. Failure to call in with an explanation that meets the above guidelines will result in an unexcused absence. **Parents must call both the partner school and Central Nine Career Center when excusing a student's absence.**

An excused absence allows the student to make-up all possible work. It is the responsibility of the student to obtain missed assignments. It is possible that certain kinds of schoolwork such as participation points, labs or skill-practice sessions cannot be made up and, as a result, may negatively impact a student's grade

When no excuse is provided, the absence will be unexcused and student will be considered truant. If the absence of a student appears to be questionable or excessive, the school staff will work with the parents to improve their child's attendance. If the absence is unexcused or unauthorized by the dean of students, a student may not be allowed to make-up the work. In addition, truancy from class may result in disciplinary action

During the suspension, students will receive a zero for daily participation points, IMPACT points and other daily assignments. Although students will not receive credit for daily work during a suspension it is highly recommended that they obtain their work from their teacher and complete assignments in order to stay current with the class. ### **STUDENT BEHAVIOR STANDARDS**

A major component of the educational program at Central Nine Career Center is to prepare students to become responsible employees and citizens by learning how to conduct themselves properly and in accordance with established standards.

### **EXPECTED BEHAVIORS**

- A. Act courteously to adults and fellow students;
- B. Be prompt to school and attentive in class;
- C. Work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race or ethnic background;

### **CLASSROOM ENVIRONMENT**

It is the responsibility of students, teachers and administrators to maintain a classroom environment that allows:

- A. A teacher to communicate effectively with all students in the class; and
- B. All students in the class the opportunity to learn.

### **DRESS AND GROOMING**

While fashion changes, the reasons for being in school do not. Students are in school to learn and Central Nine is unique in that we hold our students to a higher standard, specifically preparing them for a future career. At the discretion of the administration, any fashion (dress, accessory or hairstyle) that disrupts the educational process, is inappropriate or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

Does my clothing expose too much? (No)

Does my clothing advertise something that is prohibited to minors or has a double meaning which is inappropriate at school? (No)

Are there obscene, profane, drug-related, gang-related or inflammatory messages on my clothing? (No)

Should I interview for a job in this outfit? (Yes)

Am I dressed appropriately for the weather? (Yes)

If a student has selected a manner of appearance that disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

Central Nine Career Center adheres to industry standards as closely as possible; this means you will be expected to dress as people do in the occupation for which you are preparing. Most programs require students to wear a uniform. Students will not be allowed to participate in class activities if their dress does not follow industry standard or creates a health, safety or discipline problem. Failure to wear the proper clothing/uniform, may cause students to lose participation points which may lower their overall grade in their class.

## **DISCIPLINE**

It is important to remember that Central Nine Career Center's rules apply going to and from school, at school, on school property, at school-sponsored events and on school transportation. Central Nine Career Center's governing board has also extended the authority for school administrators to impose discipline for unlawful activity by students that occurs on or off school property if the activity interferes with school purposes or the educational function of the school. This authority applies to unlawful activity that may occur on weekends, holidays and other school breaks including summer recess.

Ultimately, it is the administration's responsibility to keep things orderly. In all cases, Central Nine Career Center shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal and formal. Informal discipline takes place within the school. It includes but is not limited to: writing assignments, change of seating or location; before-school detention; after-school detention; in-school suspension; and removal from a class activity.

Formal discipline removes the student from school. It includes suspension for up to ten school days and expulsion for the remainder of a semester or longer.

## **ISS – IN-SCHOOL SUSPENSION**

The Dean of Students may assign an ISS for classroom disruptions, safety violations, lack of tools, dress code violations and other infractions. The student will be assigned regular or additional work by the teacher to be completed in the ISS room. The student will be allowed to take or make up all test and/or quizzes for credit. Failure to complete an ISS assignment may result in being assigned additional days of in-school suspension. Discipline issues that occur in ISS may result in OSS.

### **OSS – OUT-OF-SCHOOL SUSPENSION**

The Central Nine administration (Dean of Students or designee) in collaboration with the -partner school administration may deny a student the right to attend school or take part in any school function for a period of one to ten school days. If a student receives an OSS either from his - partner school or at Central Nine Career Center, the suspension may be honored by both the - partner school and Central Nine Career Center.

### **EXPULSION FROM SCHOOL**

If, in Central Nine Career Center Dean of Students' opinion, the alleged infraction warrants a longer period of removal from school, s/he shall refer the case to the director and to the - partner school principal for consideration for expulsion. The partner school principal will also forward this information to the - partner school superintendent who shall review the case and may appoint a designee to conduct the expulsion meeting. This person may be an attorney or an administrator who has not been involved in the particular expulsion case or circumstances leading to it. The partner school will be responsible for conducting and making contact for the expulsion meeting, etc.

Disabled students under IDEA or Section 504 shall be expelled only in accordance with the governing board policy and federal due process rights appropriate to disabled students. Students who qualify for service under IDEA or Section 504 may be expelled only after a manifestation determination has been held.

A student who has been expelled may apply for reinstatement in accordance with guidelines which are available at each partner school's office.

### **EXPULSION FOR FIREARMS POSSESSION**

Any student who is found to possess a firearm on school property shall be reported immediately to law enforcement officials. In addition, s/he shall be subject to expulsion for a period of 1 year.

## **DUE PROCESS RIGHTS**

Before a decision is made as to whether or not to suspend or expel a student from school, Central Nine Career Center will follow specific procedures. When a student is being considered for a suspension, the administrator in charge will notify the student of the reason. The student will then be given an opportunity to explain his/her side. After that informal hearing, the administrator in charge will make a decision whether or not to suspend. If a student is suspended, his/her parents will be notified, in writing/e-mail, of the reason for and the length of the suspension.

The student and/or his/her parents may appeal the suspension after receipt of the suspension notice, to the director. The request for an appeal must be in writing and made within two (2) days after notification.

During the appeal process, the student shall not be allowed to remain in school.

## **SEARCH AND SEIZURE**

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of Central Nine Career Center's governing board, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without a student's consent by school authorities. According to Board approved policy available at:

<http://go.boarddocs.com/in/cncc/Board.nsf/goto?open&id=BBWLDG549092>, scanners/wands may be used to search for illegal objects that may be in a student's possession.

Students are provided lockers, desks and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the Central Nine Career Center and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. Central Nine Career Center reserves the right not to return items which have been confiscated.

## **USE OF DOGS**

The governing board authorizes the use of specially trained dogs to detect the presence of drugs and devices such as bombs on school property.

The dog may be allowed to examine school property such as lockers or students and items in their possession, but any search of a student's person will be based upon individualized reasonable suspicion in addition to any information resulting from the dog's examination.

## **USE OF BREATH-TEST INSTRUMENTS**

The administration may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

There is the possibility that a “false-positive” result could be obtained. If the student believes that the test is inaccurate, s/he may request an immediate retest be administered by local law enforcement authorities.

If the result indicates a violation of school rules as described in this handbook. If a student refuses to take the test, s/he will be advised that such refusal is a violation of school rules and will subject the student to disciplinary action. The student will then be given a second opportunity to take the test.
