

DECEMBER 2022 HIGH SCHOOL BOARD REPORT

STAFF SERVICES (CURRICULUM, INSTRUCTION, PROGRAMS, STAFFING)

Staffing

We are fully staffed!

ACTE Vision

Last week, eight staff members traveled to Las Vegas, Nevada for the ACTE Vision Conference. The conference featured a massive keynote, hundreds of educational sessions and networking events, and a massive CareerTech Expo with a variety of vendors. Our own Tiffany Bickerstaff led a well-attended session on Strategic Marketing and Social Media Practices for CTE Organizations.

Application Pilot

The Auto Service Technology, Information Technology, Veterinary Careers, and Welding programs are testing out an application pilot.

The instructors of these programs are working with the administration and Student Services Coordinators to roll out this process as a part of our ongoing effort to get the right students into the right programs. Each partner school will still be offered its assigned "spots."

Prospective Student Open House

Our first Prospective Student Open House takes place prior to the Governing Board Meeting on Thursday, December 8. Student Services Coordinators have been promoting the event with our partner schools and our social media pages have been advertising the event.

Evaluation

Formal observations by Mr. Joe Preda and Mr. Mike Quaranta are underway.

STUDENT SERVICES

STUDENT SERVICES - CONTINUED

Marketing/Recruiting

In keeping with last year's new approach to tours, all tours (with one special group exception in December) were held in November, and were let by student Ambassadors. This minimizes disruption to classroom instruction while keeping the integrity of large partner school group tours intact. Additionally, our annual Boot Camp was held for anyone who is new to a partner school district as well as for anyone who might want to reacquaint themselves with what Central Nine has to offer. "Lunch and Learn" sessions were created last year to share information with school partners, Counselors, Teachers of Record and Administration. Student Services Coordinator's share information regarding NLPS, Programs and Course Codes, Master Enrollment and Scheduling for the 2023-24 school year, important dates and answer questions. Lunch and Learn opportunities continue into December and with scheduling issues, are sometimes switched to Snack and Learn in the afternoon or Breakfast and Learn to accommodate school schedules.

Administration / Student Services Office

Peer-to-peer Ambassador's were interviewed, selected and trained to lead multiple tours for their high school peers through programs at Central Nine.

Supportive Services

Student Services continues to meet with parents and students as needed. We also continue to manage post-secondary relationships and resulting data. We continue to update the virtual and live job boards, connecting business and industry partners to students. We assisted in arranging interviews for students with the Endress+Hauser Internship Program, and lots of work is happening behind the scenes for the Governor's Work Ethic program, working toward important December deadlines. Additionally, information for the Secret Santa gift exchange has been shared.
