

FEBRUARY 2023 HIGH SCHOOL BOARD REPORT

STAFF SERVICES (CURRICULUM, INSTRUCTION, PROGRAMS, STAFFING)

Staffing

We are currently seeking a Precision Machining Instructor for the 2023-2024 school year.

Professional Development

In January, teachers engaged in professional development related to alternative assessments, which allows more students to demonstrate their understanding of the skills and knowledge learned in our programs. The February professional development session will focus on literacy for student achievement.

CTSOs

Central Nine students in a variety of programs showcased their skills and brought home some medals at the Regional Skills USA competitions. Ten students will be moving on to the State competition in April. Additionally, two of our Landscaping students took home the top prize at the Indiana Green Expo.

Prospective Student Open House

Despite the cold weather, we had a great turnout for our second Prospective Student Open House on Thursday, January 26.

Evaluation

Formal observations by Mr. Joe Preda and Mr. Mike Quaranta continue.

Marketing/Recruiting

National Technical Honor Society recruitment has begun. Pre-registration was held for Juniors who want to return to Central Nine for the next program year.

Administration / Student Services Office

A focus group has been established to look into how tours are conducted. The idea is to refine the process so that our partner schools are served with minimal interruption to instructional time.

Supportive Services

Resume workshops have begun as students enrolled in the Governor's Work Ethic Certificate (GWEC) have been submitting resumes and community service hours throughout the month of January, and will be preparing for mock interviews soon. The student job board is up and running and local job opportunities are coming in weekly. Scholarship information is being shared through Canvas as it comes in. Dual credit partners have begun registering students for the Spring semester.
