LEAVING DURING SCHOOL HOURS

Staff members who need to be away from school on school business or personal business during duty hours shall secure permission from their supervisor, and sign out with the Staff Services Administrative Assistant regarding their itinerary. Staff members may also use the [Electronic Staff Sign-Out/Sign-In Form](#).

Because we have found it necessary to contact staff members when they are out of the building during the school day, it is VERY IMPORTANT that you sign out each time you leave the school during the school hours and list your itinerary. THE SIGN OUT BOOK IS LOCATED AT THE STAFF SERVICES DESK. Staff members may also use the [Electronic Staff Sign-Out/Sign-In Form](#).

Leave forms will not be required for departures/appointments less than two hours. ~~Hourly staff members will be expected to make up time during the same week if less than two hours.~~ For departures/appointments more than two hours, the staff member will be required to use a half/full leave day, and complete a leave form. Also, if coverage is needed for a classroom, this should be communicated to the Assistant Director as soon as possible.

STAFF IDENTIFICATION

All staff members are required to wear an identification badge at all times while on campus.

STAFF DRESS & GROOMING

Staff members are expected to dress professionally during instructional hours. Professionally dressed may be defined as “professionally casual” or meeting the need for the specific CTE Program area, and should meet at least the dress code guidelines established for students. Employees should not wear tank tops or spaghetti strap shirts, jeans (unless required by the specific program safety regulations), leggings (unless worn under appropriate attire), shorts, or sweat pants except for special circumstances approved by the Assistant Director, such as field days, field trips, program requirements, special events, instructional activities, or other Board approved activities. Any tattoo and/or piercing that may be offensive, distracting, or inappropriate must be covered at any time an employee is working where students are present.

WORKER'S COMPENSATION

In the event a staff member is injured at work, the employee should report the injury IMMEDIATELY to the Staff Services Office and the Benefits Coordinator. There will be a required "First Report of Injury" Form that will need to be completed within 7 days of notification. This form can be found in the Appendix of this Handbook. The Benefits Coordinator will assist with both this form and any other required paperwork, as well as provide instructions for treatment.

PROFESSIONAL LEARNING COMMUNITIES (PLCs)

Professional learning communities were implemented at Central Nine in the 2021-2022 school year. The official definition of a professional learning community is, "an ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve." PLCs will be structured based on current needs for the revised Strategic Plan and will include both teachers and staff members.

SCHEDULING ROOM/FACILITY USAGE

Staff members wishing to schedule a common area for school events (LGI, Commons, Conference Rooms, Computer Labs, Shelter House, etc.) should utilize the Google Calendar Room reservation system. Highly utilized spaces such as the LGI and Conference Rooms will have built-in electronic administrative approval prior to proceeding.

Staff members wishing to schedule a room or common area for events other than for school events should complete the Facility Usage Form found on the J:Drive. This form is to be submitted to the Executive Director.

PHONE CALLS

Phones are provided in classrooms, labs, and offices. Local personal calls by staff members may be made as long as it does not interfere with official school business. Long distance personal calls need to be reported to the Business Manager so the proper charge can be made. Students' use of phones for school business only should be closely supervised by the staff.

Personal calls by students are to be made in the Student Services Office. Personal calls can only be made during the student's break. Students are NOT to be released from class to make phone calls in the office unless it is an emergency.

KEYS

Necessary keys are issued by the Facilities Director. Keys, except locker keys, are not to be used by students. No duplicate keys are to be made. Keys are to be returned to the Facilities Director at the end of the teacher's contract.

COPIERS

Teachers should use the copiers in specific buildings and/or the data/faculty room before 7:45 a.m., at lunchtime, or after 2:15 p.m. Only Office Staff may use the copy machines located in the offices. If a teacher must make emergency copies, it is imperative that he/she secure supervision for his/her classroom prior to leaving the room. Students may not use the copiers.

MAILBOXES

Each staff member will have an assigned mailbox in the faculty lounge. Please keep it clean and check your mailbox every morning, during lunch and again before you leave for the day. Do not change mailboxes.

MILEAGE CLAIMS

Mileage claim forms are available for your use in claiming authorized travel expenses. Mileage claims must be signed by your supervisor, and submitted to the Business Manager. They will then be submitted to the Governing Board for approval and payment. Forms may be found in the form section of staff mailboxes, or electronically on the J: Drive, Forms folder. Claims should be submitted for reimbursement no more than a month after date of event.

PURCHASE ORDER REQUESTS

Purchase Requisitions may be found on the Faculty J: Drive in the forms folder or on the [Staff Tool Belt in Canvas](#). You must have a signed copy before any purchases are made or any orders are placed. ECA Purchase Requisitions should be submitted through [Skyward Qmlativ](#).

FACULTY MEETINGS

However, the instructor may reach out to parents/guardians prior to five absences. These interventions can be found in the student handbook.

Teachers are required to take attendance daily in each session. Attendance should be recorded within the first 10 minutes of each session. All absences are to be recorded by the teacher. All tardies within the first 5 minutes of class should be recorded by the teacher. All tardies over 5 will be recorded by the Student Services Secretary, and the student will report to class with a pass.

Any approved comp time should be made up within the same week, and may not carry over from one week to the next. It is the employee's responsibility to submit leave requests via Time Clock Wizard. It is also an expectation of the employee to clock in and out as per their daily schedule, unless otherwise approved by their supervisor. Failure to do this may result in lost pay.

The following regulations will apply:

1. Employees are required to clock in prior to their assigned start time, and must clock out when they go off duty. Each employee has the option to use their computer or their cell phone to clock in or out.
2. Employees are required to clock out any time they leave the work site for any reason other than assigned work duties. Off campus work duties (i.e. bank deposits or post office runs) are not to be combined with lunch break.

LUNCH BREAKS

Staff members receive a daily 30 minute lunch. Consideration should be given to assure that no areas or offices are left without coverage during the lunch break.

ABSENCE/TARDY POLICY (Administrative Guidelines 4430)

Employees are expected to arrive for work on time. Good attendance is important to the smooth functioning of the Career Center; so when it is necessary for the employee to be absent, the employee needs to let the supervisor know as far in advance as possible, or in the case of illness or severe weather, as soon as possible. The Career Center recognizes that some absences are out of the employee's control. However, they do have an impact on the smooth operation of the Career Center, and therefore, unscheduled absences must be kept to a minimum. The same holds true for late arrival, whether it be the start of the day, or returning to work after lunch and breaks.

The designated supervisor will handle monitoring absenteeism and tardiness of non-certified employees.

The guidelines below are designed to identify the proper procedures for reporting absences and ensure consistent and equitable treatment of absences, late arrivals, and early departures at the Career Center.

1. Employees are expected to report to work as scheduled and to work their scheduled hours each day. For planned absences, the employee is expected to complete an online Employee Leave Request Form prior to the absence. For unexpected absences, an online Employee Leave Request Form should be completed within one day of returning to work.
2. With respect to an unscheduled absence, the employee should notify his/her supervisor of the absence within thirty (30) minutes of the scheduled starting time. In providing this notification, employees should give a reason for their absence and an estimate of when they will be on duty. Failure to call in within thirty (30) minutes of your scheduled starting time could result in an unpaid absence. The employee will be required to complete the online Employee Leave Request Form within one day of return.
3. Employees must present a doctor's release to return to work following any injury or illness which extends three (3) days or more.
4. Employees who take three (3) consecutive unscheduled absence days without notifying the Career Center are subject to termination.
5. Employees will be considered tardy when they report to work any time after their scheduled starting time or leave prior to their end of duty time. Excessive tardies may be considered grounds for termination.

EXHAUSTED LEAVE (Future Administrative Guidelines 4430.02)

If a staff member misses a day of work after exhausting their accumulated leave days for a school year, the staff member will receive that day without pay. Any additional days of absence may be cause for termination on the grounds of neglect of duty, as attendance is a normal expectation of job performance.

STAFF

ACCEPTABLE USE OF TECHNOLOGY AGREEMENT

2023-2024

Definitions and Overview

Central Nine Career Center ("Career Center" or "Central Nine") is pleased to provide its faculty and staff with access to the World Wide Web through a Career Center-provided internet connection ("Internet"), as well as a range of Career Center-owned and controlled electronic devices and technologies, including a Central Nine e-mail account ("System"), and a school-wide local area network ("Network") for educational and operational purposes. It is important to recognize that access to the Internet, System, and Network requires shared responsibility among students and parents, as well as school faculty and staff. By viewing this effort as a cooperative endeavor to prepare students for the future, we can ensure its success.

Because the Internet is an unregulated, worldwide channel for communication, information available to our faculty, staff, and students is impossible to control. As employees of an educational facility, it is our shared responsibility to protect the Career Center and our students, as well as all intellectual property and personal information within our control, to the best of our abilities. To this end, Central Nine has established a comprehensive technology infrastructure that includes robust security features. It is crucial, therefore, for all our users to adhere to the guidelines outlined in this Staff Acceptable Use of Technology Agreement ("Use Agreement") and to refrain from attempting to circumvent these established security measures.

CIPA and N-CIPA Compliance

The Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (N-CIPA) were enacted by Congress to address concerns about children's access to obscene or harmful content over the Internet. Central Nine is committed to providing a safe educational environment for all of our faculty, staff, and students. To this end, and in compliance with these acts, Central Nine has technology protection in place to reasonably block and/or filter Internet access to materials that are considered obscene, constitute child pornography, and/or are otherwise harmful to minors, although it is impossible to monitor all content.

The Career Center also has technology in place to monitor the Internet activity of students while using the System and Network on campus. Students are educated at the beginning of every school year regarding appropriate online behavior. This includes information about access to inappropriate materials on the Internet, interaction with others through electronic mail, social networking websites, chat rooms, and all other forms of direct electronic communications, cyberbullying awareness and response, unauthorized access, including so-called "hacking," and other unlawful online activities, unauthorized disclosure, use, and dissemination of personal information of themselves or fellow students, and measures restricting access to materials harmful to them.

Authorized faculty and staff may request the blocking or filtering technology to be temporarily disabled for conducting approved research or other lawful purposes.

Mandatory Review

Central Nine believes that our faculty and staff have a shared responsibility to the Career Center as well as our students in setting and following the standards by which we all use and access the Internet, System, and Network while on campus. Therefore, every year, Central Nine requires all faculty and staff to review and sign off on their approval of the

guidelines and disclosures outlined in this Use Agreement, as well as all Central Nine Governing Board policies relating to student and staff technology usage.

Faculty and Staff Responsibilities

The use of the Internet, System, and Network is a privilege that offers a wealth of information and resources for education and research. Where it is available, this resource is offered to staff, students, and other patrons at no cost. In order to maintain the privilege, users agree to learn and comply with all of the provisions of this Use Agreement.

A. Acceptable Use

- All use of the Internet, System, and Network must align with the educational objectives of the Career Center, while not interfering with the learning environment or otherwise disrupting the educational process.
- Central Nine email should be used for all Career Center-related electronic communications, including those to students, parents/guardians, and other constituents, fellow faculty or staff members, and vendors or individuals seeking to do business with the Career Center. It is not intended for personal use. Email related to students is considered an educational record and must be maintained and retained in accordance with Central Nine Board Policies 8310 and 8330.
- Proper codes of conduct in electronic communication must be used at all times. Giving out personal information is inappropriate. When using electronic mail, extreme caution must always be taken in revealing any information of a personal nature.
- Network accounts are to be used only by the authorized owner of the account for the authorized purpose.
- All communications and information accessible via the network should be assumed to be private property.
- Exhibit exemplary behavior on the Internet and Network as a representative of Central Nine and the community at large. Use appropriate, non-abusive language at all times, refraining from defamatory remarks or slurs of any kind, bullying or harassment, and the use of obscene or profane speech. Be polite!
- From time to time, the Career Center will make determinations on whether specific uses of the System and Network are consistent with this Use Agreement.

Personal Communication Devices (PCDs)

- Faculty and staff are permitted to use a PCD to access the System and Network, so long as they abide by all guidelines and disclosures outlined in this Use Agreement as well as any applicable Governing Board policies.
- Such use of a PCD may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to applicable Federal, State, and Local Laws.

B. Prohibited Actions

- Using the System or Network for any commercial purposes or personal gain is prohibited. Career Center resources may not be used to endorse or promote any commercial product, service, or enterprise, or for the private gain of friends, relatives, or persons with whom the employee is affiliated, including nonprofit organizations of which the employee is an officer or member, and persons with whom the employee has or seeks employment or business relations.

- Excessive personal use of the System or Network is not permitted.
- No use of the System or Network shall serve to disrupt the use by others. Intentionally damaging, modifying, or abusing the System or Network in any way is strictly prohibited. This includes the creation of private and/or proxy servers for chat rooms, email, or gaming purposes.
- Malicious use of the System or Network to develop programs that harass other users or infiltrate a computer or computing system and/or damage the software components of a computer or computing system is prohibited. Additionally, the introduction of malicious software to the System or Network through user negligence may result in reparations for damages incurred.
- Installing any applications or software, including shareware and freeware, on any part of the System or Network is prohibited unless specifically authorized by the technology team.
- Using the System or Network to access, upload/download, or otherwise distribute inappropriate materials, including any content considered pornographic, obscene, lewd, or sexually explicit, is prohibited.
- Downloading, copying or otherwise duplicating, and/or distributing of copyrighted materials without the specific written permission of the copyright owner is prohibited, except that duplication and/or distribution of materials for educational purposes is permitted when such duplication and/or distribution would fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC). This includes the public display of copyrighted materials.
- Establishing Internet or Network connections to live communications, including voice and/or video (relay chat), is prohibited unless specifically authorized by the technology team.
- Follow all Central Nine board policies as well as any Federal, State, and Local laws. This includes gaining unauthorized access to, tampering with, or damaging any part of the System or Network.

Privacy and Confidentiality

- Users are responsible for their own account and any actions performed while logged into the System or Network with that account, whether or not they are present. Protect your password and log off or lock your computer when leaving it unattended.
- Posting personal communications to public forums without prior consent from the original author or creator is not permitted.
- Disclosure of confidential Career Center information is not permitted without approval from administration.
- Disclosure of personal faculty, staff, or student information is not permitted without proper approval or as permitted by Federal, State, and/or Local law.
- Accessing or otherwise using another individual's identity, materials, information, or files without permission is not permitted. Respect the intellectual property rights of others.

Disclaimer

Pursuant to the Electronic Communications Privacy Act of 1986 (18 USC 2510 et seq.), notice is hereby given that there are no facilities provided on the System or Network for sending or receiving private or confidential electronic communications. System administrators have access to all mail and will monitor messages. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

Central Nine Career Center cannot be held accountable for the information that is retrieved via the Network.

Central Nine Career Center will not be responsible for any damages you may suffer, including loss of data resulting from delays, non-deliveries, or service interruptions caused by our own negligence or your errors or omissions. Use of any information obtained is at your own risk.

Central Nine Career Center makes no warranties (expressed or implied) with respect to the content of any advice or information received by a user, or any costs or charges incurred as a result of seeing or accepting any information; and any costs, liability, or damages caused by the way the user chooses to use his or her access to the network.

Central Nine Career Center reserves the right to change its policies and rules at any time.

By signing below, I assert that I have read, understand, and will abide by the above Staff Acceptable Use of Technology Agreement when using computer and other electronic resources owned, leased, or operated by the Central Nine Career Center. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked, disciplinary action may be taken, and/or appropriate legal action may be initiated.

**Technology Usage
Responsibilities of Central Nine Career Center Technology Users:**

Central Nine Career Center is pleased to offer its students and staff access to both a school-wide network for sharing educational software as well as access to the global network known as the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for lifelong learning. It should be understood that the above mentioned benefits and value to our students' education is a shared responsibility shared among students, parents and school employees. If this endeavor is looked upon as a cooperative effort to prepare students for the 21st century, it will without a doubt, be much more successful. In addition to the Internet, our students are exposed to a number of technological devices including, but not limited to, DVD players, VCR's, Televisions, Handheld computing devices, cassette players, film projectors, and a multitude of other items too numerous to mention.

In order to provide access to information and to communicate with others throughout the world, Central Nine Career Center provides and maintains a substantial network infrastructure. Due to the complexities and openness of these networks and the variety of information available, it is important that users adhere to these guidelines to ensure continuing trouble free operation.

Making Internet access available carries with it the potential that someone might encounter information that some have identified as controversial and of potential harm to others. Central Nine Career Center is dedicated to providing a safe educational environment. To this end, and to ensure our compliance with the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (N-CIPA) we utilized filtering technology that blocks access to 1) Obscenity 2) Child Pornography and 3) Materials harmful to minors on ALL corporation computers including student, staff and administrative computers. For staff members participating in verifiable research, the CIPA does allow for temporary disabling of the filter. Disabling of the filter for minors is not permissible.

Given the constantly changing information environment, it is not possible to guarantee that all controversial materials will be totally eliminated on the schools' network system (congruent with the CIPA and N-CIPA). At the same time, school officials

want to make sure that users of corporation-owned technology are aware of their responsibility to use the resources in an ethical and educational manner. The focus should shift from controlling the environment to providing individual users with the understanding and skills needed to use our technology system in ways appropriate to their individual educational needs.

Taking into account the above-mentioned statements, Central Nine Career Center believes that parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Toward that end, Central Nine Career Center makes our complete technology usage policy and procedures available upon request for review by all parents, guardians, and other members of the community; and provides parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.

With the rights and privileges of technology usage come certain responsibilities. Users need to familiarize themselves with these responsibilities. Failure to adhere to them may result in the loss of network use privileges and other disciplinary measures:

- 1) **Ethical and Educational Use.** The user has full responsibility to use the Network system in an ethical and educational manner. Students are not permitted to use either the school-wide network or the Internet without permission of and must be supervised by a member of the professional staff of Central Nine Career Center. Privileges to use the Network may be revoked, if it is determined that an individual has abused this privilege. The administration will be sole arbiter of what constitutes this abuse.
- 2) **Never share your password with anyone.** The user has full responsibility of the use of an account. Violations of this policy that can be traced to an individual account name will be treated as the sole responsibility of the owner of the account.
- 3) **Do not put anything in an email that you would not put on Central Nine Career Center letterhead.** Depending on the content of the email, it may be a public record or an educational record that needs to be maintained by Central Nine Career Center in accordance with Policy 8310—Public Records or Policy 8330—Student Records.
- 4) **Email should only be used for operational purposes.** Do not use the Career Center's email to send announcements for parties, items for sale, jokes, pictures, forwards to amuse the reader.
- 5) **Do not enroll in subscriptions using Career Center email.** These types of subscriptions include daily jokes, horoscopes, recipes, vacation information, or similar items of information or amusement.
- 6) **Do not knowingly degrade the performance of the network.** Chain letters, mail bombs and music downloads are examples of activities prohibited by these guidelines.
- 7) **Obey the rules of copyright.** Technology users must respect all copyright issues regarding software, information, and attributions of authorship. **No software whether commercial or shareware may be installed on the system without the express permission of the network administrator.** It is understood that all student and staff members will respect current copyright laws as they pertain to ANY technology device used on school premises. This includes the public exhibition of any copyrighted material.
- 8) **Posting personal communications to a public forum without the original author's prior consent is prohibited.** To do this is a violation of the author's privacy. However, all messages posted in a public forum such as news groups or aliases email may be copied in subsequent communications, so long as proper attribution is given.
- 9) **Never reveal names, addresses, phone numbers, or passwords of students while communicating on the Internet, unless there is prior written parent approval or it is otherwise permitted by Federal and/or State law.**
- 10) **Technology Resources shall not be used for private gain or commercial purposes.** This includes purchasing or offering for sale personal products or services by staff members, advertising, political lobbying, or campaigning.
- 11) **Use of the network for any illegal activities is prohibited.** Illegal activities include tampering with computer hardware or software, unauthorized entry into computers, or knowledgeable vandalism or destruction of computer files. Such activity is considered a crime under state and federal law.
- 12) **Avoid the spread of computer viruses.** "Computer viruses" are programs that have been deployed as pranks, and can destroy valuable programs and data. Deliberate attempts to degrade or disrupt system performance of the Network or any other computer system or network on the Internet by spreading computer viruses is considered criminal activity under state and federal law. **Additionally, users who introduce viruses to the system through negligence may be required to pay restitution for damages incurred.**
- 13) **Chat rooms, non-school email servers and public proxy servers are prohibited.** The student use of chat rooms

and home-emails servers causes personal risks to students that we as a school corporation cannot manage. Student email should be channeled through our student email server when appropriate.

Messages intending to harass, annoy, bother or disrupt the educational mission of Central Nine Career Center are strictly prohibited. - 17) ~~Impersonation, anonymity, or pseudonyms are not permitted.~~ As an educational network, we believe that individuals must take responsibility for their actions and words.
- 18) ~~Accessing, uploading, downloading or distributing inappropriate materials are not permitted.~~ Internet users must realize that accessing, uploading, downloading or distribution of pornographic, obscene, or sexually explicit material is strictly prohibited, and will not be tolerated in any manner.
- 19) ~~Accessing another individual's materials, information, or files without permission is prohibited.~~ Network users must respect the rights of others' electronic property and not access or otherwise use or tamper with such property without permission from the owner.
- 20) ~~Peer to Peer file sharing applications are strictly prohibited.~~ Due to frequent copyright infringements, virus issues, and network performance issues, the use of such applications is prohibited by all students and staff members.
- 21) That the use of technology is a privilege which may be revoked at any time for conduct that embarrasses, harms, or in any way distracts from the good reputation of Central Nine Career Center or any organizations, groups, and institutions with which the corporation is affiliated. The administration will be the sole arbiter of what constitutes this unacceptable behavior.
- 22) That Central Nine Career Center reserves the right to review any material stored in files or other media format and will edit or remove any material that the administration believes may be unlawful, obscene, abusive, or otherwise objectionable.
