STAFF SERVICES (CURRICULUM, INSTRUCTION, PROGRAMS, STAFFING)

Staffing

We will begin the search for a second Welding Instructor and a Smart Manufacturing Instructor in early 2024!

Prospective Student Open House

Thursday is our first Prospective Student Open House! This year we implemented a "Student Passport" system in which visitors "check in" at any program they visit. The passport also collects student data including school, grade, email, and phone. This data will be given to Mrs. Chandra Beers, our Data Specialist for analysis. Submitted passports will be used for a prize drawing.

Enrollment/Student Applications

Student applications have officially rolled out to partner schools and several of our schools have begun scheduling. The Central Nine application is due January 31. Programs that require additional materials/interviews are due February 29. Final decisions will be made after Spring Break.

See Nine

Through a grant he received through Harbor Freight, Mr. Andrice Tucker is spearheading the return of the program formerly known as PLACE, which allows middle school students to engage in a Central Nine program for a week! The new program will be called See Nine and will begin in January. As of this week, 10 programs are interested in See Nine.

Evaluation

Mr. Joe Preda and Mr. Mike Quaranta continue to work through the first round of observations and conferences with Instructors.

All school tours were held in November, and were led by student Ambassadors. This minimizes disruption to classroom instruction while keeping the integrity of large partner school group tours intact.

Administration / Student Services Office

Planning for the CLNA has begun. A couple of new fundraising opportunities have been created, including discount cards and candy grams.

Supportive Services

Student Services continues to meet with parents and students as needed. We also continue to manage post-secondary relationships and resulting data. We continue to update the virtual and live job boards, connecting business and industry partners to students. We assisted in arranging interviews for students with the Endress+Hauser Internship Program, and lots of work is happening behind the scenes for the Governor's Work Ethic program, working toward important December deadlines.
