

Central 9 Machinery

Listed below is the machinery that needs to be removed. Being a one for one replacement of the old with the new, we should be able to minimize any costs associated with installation (electrical in particular). All machines listed below are either inoperable or in a state of disrepair that repair can't be justified. In addition this machinery needs to be removed to free up valuable floor space.

What to do with machinery after removal...

- Remove and store on property
- Sell Individually to the public
- Sell as a package to the public or local business
- Sell to a used machinery dealer with the understanding that they pick up and remove
- Disposal

Midwest Machinery Mart:

3607 Southeastern Ave, Indianapolis, IN 46203
(317) 357-2336

HMH Holdings: Franklin, Indiana

Machines needing removal...

Good machine but in way of floor space needed as well as not part of curriculum

Optional: Not operational but currently not in the way
