Dr. Hagen reviewed the Governing Board agenda, highlighting the following items:

Requesting approval to add approximately 120 parking spaces through the anticipation of additional student drivers; to be properly lighted and paved in compliance with City of Greenwood ordinances. Offered an executive overview of the 2012-13 Perkins Plan. Dr. Bourke inquired where everyone is in regards to the Common Core standards, then recommended moving in that direction in a minimally-aggressive fashion until the State offers more assurances of sustainability through incorporation into testing. Everyone agreed. Dr. Hagen will make certain this part of the Perkins Plan is not overly aggressive about integrating those standards. Otherwise, strong support was offered for the plan.

There were no other official topics brought to this group's attention. Conversations about a variety of education topics were conducted in an informal fashion

The next meeting is scheduled for Monday, June 11th at 1:15 PM. There being no other business, the meeting was adjourned at 2:00 PM.
