

OCTOBER 2026 HIGH SCHOOL BOARD REPORT

STAFF AND STUDENT SERVICES

Staffing

We are seeking an Instructional Assistant to help with special education support.

Tour Committee

Tour day is planned and schools have signed up. Three 90 minute sessions will be offered to the partner schools to learn about and experience three programs. Students will begin in The Commons for a large group welcome followed by three 15 minute program sessions. During the sessions, visitors will hear information from instructors and current students. Labs will be open and examples will be shared.

Professional Learning

This month, Professional Learning will focus on mental health with a presentation from Centerstone, our school safety partner. Centerstone will explain the services available to students and staff and will also share information regarding the learning brain vs. the survival brain. In addition to these topics, future Professional Learning will focus on positive parent contact, and collaborative learning.

Student Services Update

- Dual credit enrollment wrapped up and many of our students took advantage of the free dual credits offered through their Central Nine program and our three college partners...lvy Tech Community College, University of Southern Indiana, and Vincennes University.
- Curriculum review and planning for the new diploma seals for the Class of 2029 graduation requirements is ongoing including a collaboration/future planning meeting with partner school curriculum staff.
- Mrs. Melanie Carpenter attended the CCEF at Endress+Hauser along with other staff members.
- Presentations began at our partner schools and will continue throughout the school year!

Evaluation

Mr. Joe Preda and Mr. Mike Quaranta are wrapping up pre-conferences and goal setting under the new Teacher Professional Growth and Evaluation model.
